What are some reasons to keep your relationship under wraps at first?

Cupid's Advice:

When in love, you just want to shout it out from the rooftops. But sometimes it can be a good idea to keep your relationship a secret at first. Cupid is here to tell you why.

1. Make sure it is serious: Couples tend to keep their relationships under wraps at first because they want to make sure that it is serious enough to last a long time before they start telling people about it. Nothing is more embarrassing than having to tell everyone that you are no longer with your beau after only a week of spreading the news.

2. Publicity: When your relationship is public, there are many more pressures to endure. Your relationship seems to constantly be under microscope being examined by everyone you come into contact with. Every little fight is everyone's business. Keeping your relationship quiet until its ready to withstand those pressures will save you a lifetime of stress.

3. Jealousy: When your relationship is public, it can fall victim to the jealousy of others. By keeping your relationship on the down low in the beginning, you and your sweetheart will have time to build up enough trust in each other so when you do go public, those jealous outsiders won't be able to mess up what you two have.

What are some things to consider about dating someone older than you?

Cupid's Advice:

Dating an older person seems very appealing: established, experienced, mature. However, there are some things to consider before dating someone older. Here are some tips on how to decide if dating older is right for you:

1. Big age gap: Dating someone older than you definitely has its perks. The idea of dating someone who is mature, distinguished and experienced is appealing. Though, how old is too old? The more years there are in the age gap between yourself and your potential partner, the more difficult it may be to have things in common.

2. Different places: When trying to decide if dating someone older is right for you, think about where that person is currently in their life. The two of you may be looking for two completely different things. While you may be looking to casually date, they may be looking to settle down within the next year or so.

3. Age or maturity: One of the most alluring ideas of dating someone older is the impression that they will be more mature than people your own age. However, age does not go hand in hand with maturity. Maturity, experience and success differ from person to person. All of these positive traits are not guaranteed with dating someone older than you.
