

# Relationship Advice: Can You Move Too Fast Moving In?

By Dr. Jane Greer

Actress Ariel Winter revealed that she's moved in with her boyfriend, Levi Meaden, after just several months of being together. While this is an exciting next step in the relationship, it raises the question of if it is ever too soon to move in with your significant other.

**Is it how long you've been together, or the quality of the**

**time you have shared that determines when the time to move in with your partner is right? Check out my [relationship advice](#).**

In today's age of Skype, Facetime, and Google Hangouts people can almost be with each other all the time, texting or even Skyping in the middle of the night. When you are in love and spending all your time with your partner, it feels logical to want to take that next step and live with them. If your lives have become entwined, you may feel your relationship is resilient enough to deal with the ins and outs of joint living. Others, though, find that marking the passage of time as a couple helps give them security that the relationship is solid before feeling ready to consider moving in with their significant other. You are already sharing your heart, but are you ready to share your home?

The most important thing is to be aware of the responsibilities that come with making a home together, and knowing if you have a deep enough foundation to work through it all as a team. It becomes about more than just the love you share and begins to include housework, the bills, child and or pet care, the actual square footage, who gets more closet space, food shopping, cooking, and whatever else goes along with cohabitating. Much of that requires clear communication about what you both need for yourselves and expect from each other, and most important, the compromise it takes to accomplish it. If you are ready to share the space and everything that comes with it, that is the first step in knowing you might be ready. Another thing to consider is how involved you have become in each other's lives. Do you spend

most of your time together, including each other when making plans with family and friends? Are you basically doing everything as a pair anyway? If so, that is another indication that you might be in a good position to take that next step. Another clue that you might be heading down this road is if you are already pretty much living together at one location, with a lot of your stuff still at your own place and really being inconvenienced because you don't have what you need a lot of the time. In that case, making the decision to consolidate and be in one house or apartment becomes the practical and considerate thing to do.

On the other hand, if it seems like a sacrifice or an effort to make room for your partner, if you feel they are encroaching on your personal space, and or if you feel that your partner is reluctant and unwilling to accommodate your needs, then it might be worth taking some extra time to see where your relationship stands. Similarly, if you worry about losing personal time with your family and friends, about potentially now having to be accountable to your partner for your whereabouts, this is another red flag that you might not be quite ready. Finally, if your relationship has not been stable and you've had a breakup along the way, there is no need to rush into anything. You might stand a better chance of going the long haul if you make sure you have the important tools in place to tackle the daily challenges of living together.

Ultimately it is up to you to sort out where you stand with all of these issues, and determine when making that big decision suits both of you. There is no right or wrong time, it just depends on your own personal situation. It seems Ariel and Levi are ready, so here's to luck and happiness ahead for them.

## Celebrity Couple News: Ariel Winter Reveals She's Living with Boyfriend Levi Meaden

By [Noelle Downey](#)

There's big [celebrity couple news](#) this week for one well-known star and her boyfriend! According to [UsMagazine.com](#), Ariel Winter officially revealed she and boyfriend Levi Meaden are living together during a recent interview with late-night talk show host, Jimmy Kimmel. The couple first went public with their [Hollywood relationship](#) in November of 2016, walking the red-carpet hand in hand a month later. Winter, nineteen-year-old star of Emmy-award winning Modern Family, opened up to Kimmel about how she and twenty-nine-year-old Meaden make their [celebrity relationship](#) work when it comes to keeping things up around the house. "He cooks. I can't cook at all," Winter laughed, "He takes care of all that handy stuff. He's great, he does all that." She went on to admit that she was "like the worst wifely person" and that while she does try to contribute by baking pies for her sweetheart every so often, she admitted, "he does everything else. It's great."

# **This celebrity couple is taking things to the next level! How do you decide whether to live with your partner or not?**

## **Cupid's Advice:**

When it comes to moving in together, knowing when both you and your partner are ready to take the plunge can be tricky! Here are the top three ways to know if you and your significant other are ready to take things to the next level:

**1. When it feels like a natural next step:** If moving in together seems like the next logical thing to do in the course of a healthy relationship together, then don't doubt yourself! It probably is. For a lot of couples, moving in together just seems to start making sense after awhile, especially if they're anxious to spend time together but often find themselves too busy for regular date nights. Moving in together can be a great way to see each other more and enjoy a life together in every sense of the word.

**2. When nobody feels pressured:** If one or both of you feel pressured into making the move, then step back and consider why you're feeling that way. Remember, just because you don't want to move in with someone right away doesn't mean you don't like them or even love them, it just means that you're not ready for that. That could be true for a host of reasons, and the same thing goes for your partner. If you start to feel like you're being pressured into making a big decision or you worry that your partner may feel that way, sit down and have a talk about your worries and clear the air. Communication is

key, and you've both got to know you're on the same page when it comes to a huge change like this.

**3. When you're basically already living together:** If at this point one of you basically only has "their own place" for extra storage space for their stuff, it may be time to make the jump to officially living together. If you spend all your time together and always gravitate toward one or the other of your apartments, take the leap and move in there together. It will be a relief to have all your stuff consolidated into one space again, and it won't feel like such a chore trudging back to your own apartment after spending a week with your significant other at their place.

## **Celebrity Couple Predictions: Ariel Winter, Bradley Cooper and David Foster**

By [Shoshi](#)

In the latest celebrity news, three famous couples have caught the public's attention. One of which is new celebrity couple is stepping out in young Hollywood, while a more seasoned couple is prepping for a celebrity baby, and another is just getting things started. . But who's stepping out this time around hand in hand? Join me as I look into the crystal ball of relationships and love. Below, I share my predictions for these [celebrity couples](#).

## Celebrity Couple Predictions: Celebrity Relationships That May or May Not Last

**Ariel Winter and Levi Meaden:** Looks like there's a hot young couple alert, because Ariel Winter and Levi Meaden have stepped out on the red carpet together making their celebrity relationship official after months of speculation. Winter is very smitten with Meadan, though it's not hard to blame her.

He's cute, tall, and he's quite charming. She's a great catch as well. Both of them want to experience a fun, yet respectful relationship. Winter has no time for childish men. Being wise beyond her years makes it a bit difficult for her to find man that she connects with. That's where Meaden comes in. He has no problem with a smart woman whose fiery so they are a good match. Fun is the theme of this celebrity couple and they may even learn a thing or two about love. After Meaden, Winter will end up dating an older man.

**Related Link:** [New Celebrity Couple Ariel Winter & Boyfriend Levi Meaden Make Red Carpet Debut](#)

**Bradley Cooper and Irina Shayk:** With a baby on the way and rumors swirling, Cooper and Shayk have everyone wondering if they are engaged. Shayk has a new mystery ring on her finger. But since she hasn't had the baby yet, it's safe to say that it's probably not a push gift. My psychic senses say that they plan to have a secret celebrity wedding to seal the deal. Cooper is all about family and he thinks it's time for him to settle down now that a baby is on the way. He wants to give married life a try since he's seen it work for other longtime Hollywood bachelors. Babies bring about happiness and emotions so it's a wonderful time for Cooper and Shayk. While I would love to say it will be all unicorns and rainbows for these two, that's not the case. They are a bit like a roller coaster. There's a lot of up and down. Right now things are up due to the excitement of the baby. There needs to be a discussion about that each one of them wants in a marriage or they will last about three years tops.

**Related Link:** [Celebrity Baby: Bradley Cooper Is Spotted on a Run Post Girlfriend's Pregnancy Reveal](#)

**David Foster and Christie Brinkley:** Looks like David Foster and Christie Brinkley are spending some quality time together. Actually it's more like there's been one date or two. However with celebrities, one date could mean an engagement in two

months. It's safe to say that Foster has a thing for models since some of his ex-wives were models or beauty queens. While Brinkley seems to like a man with some musical talent since her longest marriage was to singer Billy Joel. This isn't Foster or Brinkley's first time at the rodeo, both of them have a lot of relationships under their belt. If they get married it will be the fifth wedding between each. Maybe the fifth time's the charm? Hold up on the celebrity wedding invitations. This relationship is simply two good looking, age-appropriate people enjoying each other. Marriage does not look like it's in the cards. That is not to say that this romance won't last. It's always nice to have a "maintenance person" on speed dial when one is looking for love. I predict that we won't ever know all the details of their romance, they will keep us guessing.

## Cupid's Advice:

New love is exciting! You want to show the public that you and your partner are happy together. Cupid has some [relationship advice](#) on how to display your affection:

**1. Hold hands:** If you and your partner are walking somewhere, hold their hand and follow each other. Sometimes it may get difficult, like if it's hot out and your hands get sweaty. Even if it's for a little while, you get to acknowledge the fact that someone is holding you, and it makes you feel secure and happy.

# Celebrity Couple Predictions: Taylor Swift, Chris Evans and Ariel Winter

By [Shoshi](#)

In the latest celebrity news, three famous couples have caught the public's attention. Two of which are celebrity

relationships that are just getting started, such as with Tom Hiddleston and Taylor Swift, and Chris Evans and Jenny Slate, while Ariel Winter, on the other hand, has decided to kiss her boyfriend goodbye. Who's stepping out in Hollywood this time around hand in hand? Join me as I look into the crystal ball of relationships and love. Below, I share my predictions for these [celebrity couples](#).

## Celebrity Couple Predictions: Celebrity Relationships That May or May Not Last

**Tom Hiddleston and Taylor Swift:** Looks like Taylor Swift has bounced back quickly from her breakup with DJ Calvin Harris. The new man on her arm is Hollywood hottie, Tom Hiddleston. This coupling took many of us off guard and they are going hard into this relationship. Parents have been met on both sides and there are tons of public displays of affection. I would love to applaud this new celebrity couple, however I'm suspicious of the quick romance. There have been grumblings that it's a publicity stunt. Would Swift go so far as to have a fake romance? It's a known fact that Hiddleston gets around when it comes to the ladies. I wouldn't go so far as to call him a ladies man, but he trades in his lady friends very often. Swift is known for having a new boyfriend often as well, though that isn't necessarily her fault. She tends to get dumped by her boyfriends, so what's a girl to do? She gets back out there. While Hiddleston and Swift are all smiles, I'm not convinced that this relationship is the real thing. Time will tell if all of these photo ops equal a real celebrity relationship. At least they look like they are having fun which is what that matters the most.

**Related Link:** [Celebrity News: Taylor Swift Caught Kissing Tom Hiddleston Two Weeks After Split](#)

**Chris Evans and Jenny Slate:** Chris Evans has been rumored to be dating any woman in Hollywood that he says “hello” to, but it’s safe to say that he has a new boo and her name is Jenny Slate. Evans must be into funny women because Slate is a comedic actress. The two of them just stepped out together on the red carpet for *The Secret Life of Pets*. In Hollywood terms, this means that the pair is officially dating. Slate is gushing over being with Evans. It’s nice to see Evans finally in a stable celebrity relationship after speculation of who he’s snuggling up with. He seems like a nice guy and would be a keeper for the right woman. Evans and Slate will probably last about 6-8 months, with Evans being the one to break-up. Slate will want to nest and settle down with Evans. What girl wouldn’t? However, he doesn’t look ready to settle down and do the wife and kid thing just yet. Slate is getting him ready for the next lady.

**Ariel Winter and Laurent Claude Gaudette:** Ariel Winter, the actress from *Modern Family* has broken up with boyfriend Laurent Claude Gaudette, yet again. These two have been on again and off for the past two years. Most recently, the pair has unfollowed each other on Instagram. When millennials do that, they mean business! On a serious note, Winter is finally done with this celebrity relationship. This whole romance has been exhausting. Gaudette will call Winter, but she won’t answer. I see that she will be moving forward. Winter will be single for a few more months then she will find a new love with a man who is a little bit older than her. She needs someone who is more her equal than Gaudette. Had anyone heard of him before he was with Winter? She’ll bounce back just fine from this break-up.

### **Cupid’s Advice:**

Being single again can be as exciting as getting into a new relationship, and you’ll want people to know. There are plenty of ways to announce that you’re single and ready to mingle without coming off as desperate or obnoxious:

**1. Relationship status:** This is probably the most 2016 way to announce that you’re single again. Log on to your Facebook account, and change your relationship status to single, or go onto your Instagram and take your boyfriend’s initials out of your bio. These changes are extremely subtle, but people do take notice.
