Stephanie Hollman Talks *The Real Housewives of Dallas* in Our Exclusive Celebrity Interview

While fame is notorious for going to people's heads, that's nowhere near the case for Hollman. As for how the philanthropist felt after the release of season one of *RHOD*, she says that "you learn who your real friends are" after you've made your claim to fame. "There's something really freeing about not being perfect and having everyone see that," Hollman continues.

Of the drama that arises during the filming of Bravo's hit show, Hollman explains that her mom's words are always in the back of her mind: "If you don't know what to do, do nothing." She urges people to think before they act in both friendships and romantic relationships – and this *especially* goes for women! When you act before you think, you have to deal with the consequences one way or another.

For instance, during the winter, they do all that they can to help those who are struggling. Beauty Tricks: 7 Ways to Maintain a Young-Looking Face

By [Melissa Lee](#)

We all want to look as youthful as possible for as long as possible. We spend money on creams, facials, fillers, and even sometimes plastic surgery. To get some [beauty tricks and tips](#) for how we can maintain a young-looking face, we went to several great beauty professionals including Dr. Kirk Brandow, founder and director of the Brandow Clinic for Cosmetic Surgery in Philadelphia, who has appeared on national programs such as Good Morning America and 20/20.

If you want a face that looks fresh and youthful this summer take some tips from these experts and

implement these beneficial beauty tricks into your own life ASAP!

1. Get rest: There absolutely is such a thing as beauty sleep. “Women come to my practice thinking they need an eye-job or a face lift when all they need is sleep. Sleep is a time when we rejuvenate ourselves and cellular turnover is at its height. Getting 7-8 hours of sleep nightly will make a huge difference in how youthful a woman appears especially as she approaches age 30 and collagen production decreases,” says Dr. Brandow. “A woman can speed up aging if they are constantly sleep deprived.”

2. Use an overnight treatment: If you suffer from breakouts or skin dryness leading to wrinkles or blotches, treating your skin concerns at night, is a way to maintain a youthful glow. “Work closely with your dermatologist or aesthetician who can recommend non-irritating skin treatments specifically addressing your concern,” advises Dr. Brandow. You want to take advantage of overnight options available to boost collagen and heal skin while sleeping.

3. Hydrate: When it comes to anti-aging and putting your most youthful face forward, water is key. Water flushes your system of toxins which helps skin to glow. “Women spend a lot of money on topical creams formulated to boost moisture and hydrate the skin yet, if they integrated more water, even 4, 8 ounce glasses per day, they would see fewer wrinkles and an overall smoother younger skin texture within a month,” says Dr. Adriane Pompa, Miami based board certified dermatologist who specializes in aging skin.

4. Be smart about fillers: Fillers are used to add volume that diminishes as we age but people have taken it to extremes. There have been many advancements with fillers over the past 5 years offering more options and more sophisticated ways to

administer them to achieve a youthful look. According to Dr. Brandow, many patients believe that filling their cheeks will soften their laugh lines, so they push doctors to administer two to four syringes in their cheek bones and cheek area at once. This can result in swelling and doesn't necessarily lift their face. Fillers are often done as an alternative to a face lift but, if not spread out over several weeks, it just gives the patient an unnatural look that distorts their face and makes them look odd. "My personal preference is to perform the fillers sequentially. For example, I will use one syringe of filler in multiple locations. Then I'll have patients return in 4-6 weeks and perhaps do another syringe to the same places, or different places, giving them an overall natural look. This leads to a softer, more natural result. The key to doing fillers well are going with small amounts every 4-6 weeks," explains Dr. Brandow.

5. Get facials: According to Dr. Adriane Pompa, one facial per month does wonders for skin's clarity, texture, and ability to produce collagen. "There are many at-home facials available one can do weekly. The key is knowing your skin type and ingredients that address your specific skin concern. Also, you can treat different parts of the face differently depending on skin issue. Let's say you are prone to breakouts on your jawline, have wrinkles on your forehead and dryness on the cheeks, your dermatologist or aesthetician can recommend a facial plan customized for you."

6. Consider lasers and light: Lasers are another tool that blasts away acne scars, evidence of past sun damage and evens out skin giving that flawless, youthful glow. There have been so many advancements with lasers resulting in more immediate results without downtime. Lasers typically cost between \$600 – \$1200 per treatment depending on the city and type of laser. The advantage with lasers is accuracy. You can treat a specific area without affecting the rest of the surrounding skin.

7. Tone down your make-up: One way to immediately take 10 years off your look is to revamp your make-up. Consider hiring a professional make-up artist who can teach you how to enhance and even modernize your look. New York make-up artist, Carlo Geraci, who was protégé to Trish McEvoy and Kevin Aucion, explains that a lot of women are doing their make-up the same way they did 20 years ago. That bronzer that you loved in the 90's when you were 24 may appear harsh and outdated at 44. "Heavy eye liner and strong lip colors may only accentuate wrinkles and fine lines. As women age, less is more when it comes to make-up. Opt for a great hydrating foundation or a touch of concealer, a pinch of blush, a swipe of mascara or a gray or brown eyeliner and a natural looking lip liner topped with a tinted hydrating balm," he suggests.

Which of these beauty tricks will you be adopting to keep your face looking fantastic? Let us know in the comments!

Beauty Trend: Glitter Cuticles

By [Delaney Gilbride](#)

2017 has been chock-full of out-of-the-box [beauty trends](#). From lollipop lips to feathered eye brows, it's safe to say we haven't seen the last of these innovative trends. Which is why we're not surprised that the latest beauty movement is

anything but ordinary – did anybody say “glitter”?

Cupid's here to tell you all about the latest beauty trend hitting Hollywood: Glitter Cuticles

Yes, glitter cuticles are a thing and they're taking the internet by storm. Harpersbazaar.com got an inside look at the newest nail movement as it was making its debut at the Spring 2017 Rodarte Show from it's creator – manicurist Tracy Lee. The nail enthusiast said, “I was inspired by the collection. The designers love to mix textures, so we brought that to the nail. It creates a kind of jewelry effect on the nails, I always try to do something edgy for Rodarte; something that hasn't been seen before.”

The manicurist polished her models with a soft pink nail, finishing them off with silver glitter polish on the cuticles to give the nails that extra shine. Everyone is hopping on board with this glitter obsession and we couldn't be more psyched! This trend is perfect for those who have a hard time “staying within the lines” when it comes to painting your own nails. Just paint some glitter over your cuticles and voila! A perfect coat.

Unfortunately, cuticles are known to be fairly dry which makes removing the glitter polish from your fingers a bit of a struggle. A [beauty tip](#) to avoid this is to either use glitter eyeliner or glitter flakes when spicing up your cuticle life. They come right off. We're sure to see many more glitter trends to come throughout the Spring and Summer seasons and we can't wait. But for now, we'll try our hand at this new

cuticle movement!

Beauty Tricks: Prosecco-Flavored Nail Polish

By [Delaney Gilbride](#)

The latest (and most interesting) [beauty trend](#) extends to demographics across the world bringing brunch-lovers and nail biters together in celebration of the first edible nail polish – Prosecco Polish. According to [Shape.com](#), this tasty trend

comes to us from the creative geniuses behind Groupon. The discounted site debuted the alcohol-infused nail polish to their United Kingdom followers only a couple weeks ago just in time for Mother's Day in the UK.

Not only does this polish taste *and* smell like our favorite bubbly white wine, its golden metallic finish looks just like prosecco!

"To help celebrate Mother's Day [in May], we've created the world's first edible prosecco-flavored nail polish, 'Prosecco Polish'," the creators of Groupon shared on their website. "Combining our love for manicures and prosecco, this nail varnish is made with real prosecco and smells and tastes just like the real thing. With a delicate gold luster, this lick-able polish looks exquisite, giving you the fun of the flavor without a sore head the next day."

Related Link: [Product Review: Get a Stellar Celebrity Look with Color Wow Pop & Foxybae](#)

Although the nail polish is claimed to be edible, we're going to give our readers a quick [beauty tip](#): DO NOT go around drinking it like real prosecco! Its sparkly finish may look yummy, but don't let it distract you from the DO NOT DRINK warning plastered right on the bottle. Just because Groupon says the nail polish has "zero calories" doesn't mean you should overlook all the other ingredients put into the polish, including propylene glycol, sodium saccharin, potassium aluminium silicate, and more. However, if you want to suck on your fingers all day to receive that sweet taste of prosecco, go for it!

Related Link: [Beauty Trend: Lollipop Lips Top the Charts as Weirdest Trend of the Year](#)

Unfortunately, those of us in the United States won't be able to experience prosecco-infused nail polish on our [date nights](#) any time soon. Prosecco Polish won't arrive in the U.S. until sometime this May which, subsequently, appears to be right around Mother's Day. As of right now, over 10,000 GrouponUK users have already entered their sweepstakes to win a free bottle of Prosecco Polish. It has us wondering, will this new beauty trend be a hit in the United States? Guess we'll find out in May!

Beauty Trend: Lollipop Lips Top the Charts as Weirdest Trend of the Year

By [Cortney Moore](#)

When 2017 started, no one knew the over-lined lip trend would take a messy turn. Well, the makeup artists at MAC Cosmetics showed us that anything is possible with their experimental [beauty trend](#) that is now known as “lollipop lips.” MAC debuted this strange makeup look during London Fashion Week, and it has apparently taken off on social media with avant-garde beauty enthusiasts. Why would anyone try their hand at lollipop lips? It’s intended to mimic the appearance one might get after sucking on a lollipop- which gives off an “innocent” look. If you’re bold enough to try lollipop lips, here are a few [beauty tips](#) to help achieve this outlandish trend.

There’s no need to apply your lip color perfectly with this latest beauty trend!

Runway ready: Any lip color works fine if you’re going for a runway look, but an untraditional hue adds a fashion-forward

edge. Take inspiration from aphrodisiacdeity on Instagram. She mastered this beauty trend with a lavender cream finish. The matching lavender eyebrow highlight and hair color complement the lip stain and pull the whole look together. Don't be afraid to heavy-handedly smudge your lip color if you want to look like MAC model.

Medium smudge: Go for a less messy look by using a bold lip color and smudging it out slightly in select areas. Beauty blogger umaimamehtab effortlessly shows us how to rock the lollipop look with her scarlet red lip gloss. The glossy finish reflects the light in an ethereal way and adds a level of chic to this youthful trend. Note how she mainly smudged the color around her top lip to create an ombré appearance.

Go subtle: If you're on the shier side, a barely-there lollipop look would suit you best. Youtube sensation Celia Leslie shows us that smeared lipstick can be a cute addition to a makeup routine. She smudges her lip stain slightly above her natural lip line, giving off familiar over-lined vibes. Going lighter at the corners of the mouth make it look like you've worn your lip color a long time, and also adds dimension, making lips appear fuller.

Whatever happens to your lip color, just be confident. Being a little messy is trendier than ever! You don't need to be a masterful makeup artist to look like a celebrity beauty.
