Even celebrity marriages encounter issues. What are some ways to identify the issues you’re having in your relationship?

Cupid’s Advice:

If you’re having issues, it’s not always easy to identify them. You may be tempted to ignore them and move forward without facing them. Cupid has some relationship advice:

1. Awareness: The key to identifying and resolving issues in a relationship and love is by being aware of them. If you are always arguing with your partner, raising your voice, avoiding them and find yourself frequently irritated, then there are obviously issues. The first step is to be aware of these things and then work on them immediately.

2. Communicate: You cannot resolve any of the issues in your relationship without communicating with your partner. The best way to effectively communicate is by speaking from the heart, listening, being understanding and saying your point without being passive aggressive.

3. Work it out: If you never change your routine and actions, you will never gain different results. To get the outcome you

hope for and to resolve issues, work on these problems with your partner. If you have a tendency of yelling at one another, go to a public place to discuss things where you will each be forced to keep your voices down because you won't want to get embarrassed.
