How do you know when to go public with your pregnancy?

Cupid's Advice:

Expecting a child can be an exciting thing, though it can be tough not to tell everyone as soon as you find out. Here are some tips on how to know when it is time to go public:

1. Make sure you're pregnant: The first, most important, aspect of deciding whether or not to tell people about your pregnancy yet is to confirm it. Go to the doctor to get a sonogram to make sure that you are with child.

2. Talk with your partner: Discuss with your partner if you would like to wait a few weeks or whether you would like to shout it from the rooftops. Make sure that the two of you are on the same page with sharing your details.

3. How will you spill the beans? Will you send out a massive text message or will you commune both sides of the families together to spread the news – think of different ways to share your wonderful news.
