Just because you and your partner may have already moved in together and/or have kids before getting married, doesn’t mean that your significant other is fine sticking with the boyfriend or girlfriend title. Here are some reasons to tie the knot even after you’ve already jumped a few steps ahead.

1. **Support:** Some people may think that your goals or dreams are figments of your imagination, but when you have someone who believes in you and is your biggest cheerleader- that’s marriage material right there. Finding someone who supports you is hard to come by.

2. **Create a foundation:** Kids tend to model after their parents and when they come from a strong, loving and committed family unit, it helps provide them with the best opportunity for success in their own love lives when they get older.

3. **Enjoying life:** There’s nothing more enjoyable than marrying your partner or best friend. It’s nice to have someone with whom you can grow and share intimate experience with together.

How do you keep your relationship going when you have a demanding job?

Cupid’s Advice:

Work doesn't need to get in the way of your relationship. If you prioritize what's important and engage in little acts that make your partner feel special, the relationship will continue to grow. Cupid has some tips for doing just that:

1. Travel: Make time to reconnect with your partner. Take a vacation like John Legend's Maldives trip with his fiancée.

If you don't have the budget for travel to the archipelago islands, pretend you do and recreate the experience at home. The internet is a powerful tool for research and recipes.

2. Keep the romance alive: Remember the little things about your partner, and make sure you let them know that you're thinking of them when they're not around. Even a simple phone call or post-it note left on their laptop can work wonders.

3. Communicate: Constantly communicating with your sweetheart keeps the relationship going in the right direction. If you are open with one another it will help you handle any problems that may arise before they become too serious.
