Congratulations to Heidi Montag and Spencer Pratt, who just welcomed their first child into the world! The celebrity baby, whose parents are most famously known for starring on *The Hills* a few years back, is named Gunner Stone. He was born on Sunday, October 1 at 3:06 pm. Pratt, Montag’s husband, called it the “most lit day” of his life.

## **This celebrity baby has a memorable name – Gunner Stone. What are some ways to compromise with your partner on baby names?**

### **Cupid’s Advice:**

**1. Be open-minded:** If you and your partner are struggling to come up with a name you both like, remember to be open-minded when it comes to their suggestions. Try your best not to immediately shut down the names your partner brings to the table and maybe you’ll be able to come to a compromise!

# Celebrity News: Put Yourself First Like Lady Gaga

By Dr. Jane Greer

Lady Gaga announced she is postponing the European leg of her Joanne world tour until next year because she is in a great deal of physical pain, and has decided to take this time to try to heal so that she can come back stronger. This is a very difficult thing to do, since as a performer she may feel like she's letting down her fans. She has been open about her battle with fibromyalgia, including the side effects of anxiety and depression, but until now has pushed through it. In order for her to take this drastic and important step, one can only imagine the acute discomfort she is experiencing. She clearly has such a strong work ethic, and over the years we

have witnessed the incredible details that go into her work. It often seems she will do anything for her fans. But the time has come to focus on herself, making her fans number two for the time being. You don't have to be Lady Gaga or a performer to have a strong response to the people in your life, making it tough to take yourself out, even if it is just for a short time, and do what you have to do if you are suffering from a physical or emotional situation that is making it hard to function in your daily life. Sometimes even being able to find the time to get to the doctor for a simple appointment can seem daunting. So many of us feel a need to keep going, in work or taking care of family, and feel too guilty to take any time out for self-care.

**The thing is, when you neglect yourself, not only can it compromise your work and caretaking, there is also a chance you will miss something with your health that needs your attention. When you consider the celebrity news behind Lady Gaga, it's very important to take care of yourself.**

It seems like the obvious response that if you are not feeling well you will check it out, but so many people simply don't and continue to ignore whatever is bothering them, often trying to forge ahead and doing further harm. It isn't until you have gone over a cliff or hit a wall, simply unable to go on in the same way, that many people stop to consider their own needs. By then, though, recuperating might take even

longer and be more complicated.

If you are one of those people who finds it difficult to put your own needs first but might be concerned about a personal health issue, what can you do? This does not include situations that might seem like an emergency – a terrible headache, a pain in your left arm, symptoms of a possible stroke – in those cases it is essential to seek immediate medical help. But for more subtle symptoms that linger, making you feel different from your norm, it is important to pay attention and take inventory. Give yourself a timeline, deciding that if the symptoms don't go away by a certain time you will go to a doctor. Some health issues present themselves in a flurry of symptoms that are hard to pinpoint and too easy to explain away. If these persist, don't ignore them.

Along the same lines, if you're dealing with health concerns and physical pain, it helps to be able to talk about it with people, friends and family. That way they can let you know that they care about you, as well as offer support and be helpful with whatever you're going through. It gives them a chance to be there for you.

Lady Gaga was open in sharing her painful condition, and is a role model for all of us. One thing she will most certainly feel in the coming weeks and months is the tremendous love and caring of all her fans .

# These celebrity exes may give their relationship another go. What are some reasons not to rekindle your relationship with an ex?

## Cupid's Advice:

Everyone understands how difficult the break-up process can be, but it's even harder rekindling the romance with your ex after time has passed. If anyone knows this situation well, it's *definitely* Leo and Toni! If you've found yourself in a similar dilemma, check out some of Cupid's advice below:

**1. Reflect on the past:** Although when you look back on the relationship all you may remember are the good times, but you need to look past that. You broke up for a reason!

**2. You're not moving forward:** By getting back together with your ex, you're not moving forward with your life whatsoever. Throughout life, it's important to make sure you are constantly growing, so do yourself a favor and say goodbye once more.

## **Cupid's Advice:**

It can be hard to win a child's affection, but it means even more when it's your partner's child. When trying to bond with them, consider this advice from Cupid:

**1. Be patient:** While you might want to be close with the children right away, it's just not plausible. When someone new is introduced into a child's life, it's a big adjustment. If they feel like you genuinely care about them and their life, they will feel more comfortable with you.

**3. Let them in:** Curiosity is a big part of being a kid. Things are constantly happening around them that they may not understand. If they understand who you are, they will be able to create a stronger bond with you.
