In celebrity news, Kendall and Ben may be giving their romance another chance. What are some factors to consider before giving your ex a second chance?

Cupid’s Advice:

When you break up with someone, it’s meant to be a final decision. That said, sometimes things change and there are good reasons to consider giving your ex a second chance. It’s important to make sure you’re doing it for the right reasons, however. Cupid has factors to consider:

1. Why you broke up in the first place: There’s a wild difference between breaking up because your partner cheated on you to splitting because you were both busy with your careers. If a trust issue was at the heart of your issues, it may not make sense to jump back into things. If it was simply a lack of time that led to your break-up, you two could very well be in a different place now, making it okay to give things a second chance.

2. What page you’re both on now: It’s crucial to have an open and honest conversation about where you both are in your lives right now. If the issues that led to your break-up before are still very real, there’s no point in giving it a second shot,

hoping for a different outcome. If some key things have changed that will make things easier this time around, that's great!

3. The reasons you want to be in the relationship: When we break up with someone, it leaves a hole in your heart that your partner used to fill. Not only are you missing the romance, but you're missing that person you told everything to and who you spent the most time with. When you're deciding whether to get back together with someone, you need to make sure you aren't just doing it because you're lonely. The only reason to date someone is because you really see yourself with them romantically and they'll add to your life in a positive way.

Cupid's Advice:

Some might not think theme parks can be a romantic date

location, but there's something about the smell of fried food, goofing off with one another on the attractions, and being surrounded by others who are having just as good a time as you that can actually bring you and your partner closer. Especially if your relationship is fresh, amusement parks are the perfect way to ease into more comfortable territory with one another. If you're looking for more casual places to share some romance, don't worry! Cupid has some [relationship advice](#) on how theme parks like Disneyland can bring about love:

1. Ferris wheels are always romantic: Almost every amusement park has some sort of Ferris wheel. A large contraption where you're suspended high up in the air doesn't seem like it would bring sparks, but it can. Being up there with your partner overlooking the skyline is romantic because you're trusting yourself in the hands of your significant other. Besides, sharing a kiss or two at the top is cute and it can feel just like the movies.

1. Make a post on social media: This is the fastest and easiest way to get what every you need to say out there. There needs to be precaution with this. Sometimes when we say things we don't actually mean what we say. Make an outline of what you're going to say first before you post it. Read it to a few close friends and get their reaction. This will help assure that the message you're releasing is taken the right way without being misunderstood.

Create a line to make people aware that

you are no longer interested in answering any of their questions.
