# Serena is preparing for her celebrity baby with some relaxation! What are some benefits to indulging in a babymoon?

## Cupid's Advice:

With a baby on the way, traveling can seem like a daunting proposition. But there are tons of benefits to turning a [romantic getaway](#) into a special babymoon to celebrate your upcoming family addition. Here are Cupid's top tips on why you should prioritize a trip the next time you and your partner get such happy news:

**1. It's your last chance to travel kid-free:** While traveling while pregnant can be a mild ordeal, traveling with a baby or small child is exponentially more difficult! Considering that this may be the last opportunity you and your partner may have for a trip that's all about you, it might be a good idea to take the plunge and enjoy one last luxury vacation – minus the pitter patter of little feet.

**Related Link:** [Serena Williams Is Expecting a Celebrity Baby](#)

**2. It's a great way to bond:** Even if you're both super excited to be parents, it's likely that if you don't get away to celebrate, "real life" may distract you from your happy news. Get away from the pressure of work and other time commitments for a bit, even if just for a weekend, and really focus on the dreams, plans and hopes you have for this new special individual you're bringing into the world. One-on-one time will give you tons of opportunities to talk about your future favorite kiddo, and even make a great plan for your first few months as parents too.

**There's a sporty celebrity baby on the way! What are some factors to consider about your fitness routine while you're pregnant?**

**Cupid's Advice:**

Pregnancy changes a lot of things: what you can eat, what you can wear, and how you can exercise, just to name a few. If you have a baby on the way, here are some factors to consider about your fitness routine:

**1. Listen to your body:** Most importantly, pay attention to what your body's telling you. Pre-pregnancy, you may have pushed yourself to run that half-marathon as fast as you can. Now that there's a little one on the way, listen to how you feel: Are you uncomfortable? Do you feel faint? Are you drinking enough water? Do you need to take a break?

**Related Link:** [Serena Williams Talks Celebrity Engagement to Boyfriend Alexis Ohanian](#)

**2. Drink plenty of water:** Make sure you stay hydrated before, during, and after exercise. Dehydration during pregnancy can lead to a number of problems, including decreased blood flow to the placenta, early contractions, and increased risk of overheating.

**1. Stock up:** If you think you've bought all the essentials you need for your twins, think again. You're going to have to double up on diapers, bottles, clothes, wipes, high chairs, you name it.
