How do you overcome past drama to make a relationship work?

Cupid's Advice:

When bad things happen, it can be hard to start over and move on without people around you reminding you of your past mistakes. Even your romantic relationship can take a hit. Cupid has some tips:

- 1. Therapy:** Sometimes the best way to get over past drama is to talk it out with a licensed therapist. You can't expect to have a healthy romantic relationship until you're healed inside.
- 2. Ignore public scrutiny:** This is sometimes easier said than done, but it's important that both you and your partner successfully ignore the gossip going on around you. If you let it get to either of you, it'll damage your relationship.
- 3. Move on:** Don't live in the past. If you often think about the drama that happened years ago, and it affects your day-to-day life, that's not healthy. You can't truly enjoy your relationship until you leave the past in the past.
