Lana Del Rey's lyrics resonate with all of us when she sings, "Will you still love me when I'm no longer young and beautiful?" But, who says you can't be older and beautiful? You can be going on [date nights](#) in your 70's feeling like you're still in your 30's!

Here are some [beauty tips](#) on the most beneficial anti-aging ingredients to look for in the products you buy:

1. Vitamin C: The antioxidants in Vitamin C are what make it so favorable for your skin. It can help prevent and treat sun damage and under-eye circles. Therefore, you can use Vitamin C-based products before you even notice aging skin damage, or after it already occurs, and it will help either way. You can invest in Vitamin C serum, or find an anti-aging product that contains Vitamin C. This natural vitamin also serves as a great moisturizer.

2. Tea Extracts: Research has shown that applying green tea leaves or extracts to your skin have anti-aging benefits. The best part about this ingredient is that it's natural. If you take it orally, other great things this oil can do is prevent liver damage, help with weight management, and aid in preventing Alzheimer's disease. Sea buckthorn oil seems pretty magical.
