Looking for a way to spice up your diet? One of the hottest new [food trends](#) is eating local. Eating local is when you eat food that is locally grown and produced and is not moved long distances to market. If you're looking to for an easy celebrity diet, eating local may be the perfect thing for you and your family to try out. 1. Fresher food: One reason you should opt to eat local is that your produce is going to be so much fresher than when you buy it from a chain supermarket. Fruits and vegetable begin to lose their nutrients as soon as they are picked, so buying food locally cuts down the time it takes for your food to get from the farm to your table.

2. More flavor: Another reason to eat local is that produce is being picked in their peak state of ripeness, so you'll get to eat your food when it'll be tasting the greatest. You'll also be only eating food that is in season, so there won't be any artificial ingredients or preservatives in your produce.

You also can ask your local growers about their growing

practices so you are really comfortable with what you are eating.

Restaurant Review: SUR Restaurant & Lounge in LA Is a One-of-a-Kind Dining Experience

By

Bre Gajewski

In West Hollywood, just a block off of Melrose Avenue lies SUR Restaurant & Lounge, a beautifully designed space with several unique rooms, a charming wait-staff and delicious food.

Restaurant **Review:** [**SUR**](#)
[**Restaurant**](#) is serving up delectable
Southern European cuisine, making
you feel like you have traveled
abroad without leaving LA.

An elegant dining area at SUR

SUR is owned by two couples: Guillermo Zapata (the original owner) and his wife Natalie alongside Lisa Vanderpump and Ken Todd, whom you may know from hit reality TV show *Real Housewives of Beverly Hills* and *Vanderpump Rules*. In fact, the latter show follows the employees at SUR as they build their futures.

The owners of SUR restaurant: Ken Todd, Lisa Vanderpump, Guillermo Zapata and Nathalie Zapata

Lori Bizzoco, Founder and Executive Editor of Cupid's Pulse, recently had the opportunity to not only meet Guillermo and the staff at SUR, but also to enjoy a meal when she was in Los Angeles last week. "What you see on the show does not depict the politeness and attentiveness of the staff," said Bizzoco. "We were definitely expecting to see some more drama but everyone we met were so sweet."

Lori Bizzoco, Guillermo Zapata and Tonia DeCosimo at SUR

It turns out that the ambiance at SUR truly stands up to its name: Sexy Unique Restaurant. Each smaller room in this large venue creates an intimate dining setting. Along with its indoor dining, SUR also has a romantic outdoor patio and a chic private-party room. "It was beautifully decorated with fresh flowers everywhere," Bizzoco mused. "It felt like I was in an old mansion or walking through a Victorian maze. There was room after room, each one more elegant than the last."

One of the many dining rooms at SUR

Outside of the ambiance, the food is what makes this restaurant stand out. Bizzoco had the opportunity to try out various items from the SUR menu. She started out with the Chicken Steamed Dumplings and Fried Goat Cheese appetizers, which were both delicious.

Bizzoco also tried the Shrimp Risotto, which she described as “incredible” in addition to the Jumbo Shrimp Fettuccine. “The shrimp melted in your mouth, and the fettuccine was so creamy and smooth,” she said.

Roasted Salmon Dish

That being said, Bizzoco's favorite dish was the Roasted Natural Salmon depicted above. "It was amazing," she said. "Beautifully seared on the outside and so moist on the inside that it melted right in my mouth."

With its beautiful ambiance, seasoned wait-staff, and delicious menu, SUR definitely stands up to its self-description as being on the "cutting-edge of style and cuisine." Dining at SUR (or even just stopping in for drinks) is an experience unlike any other.

Food Trend: Fermented Products

By [Ha](#)

[ley Lerner](#)

The latest [food trend](#) that has been an essential part of many [celebrity diets](#) is fermented food products. Food becomes fermented by letting it sit and steep until the sugars and carbs become bacteria-boosting agents. Carbohydrates are converted to alcohol or organic acids using microorganisms such as yeast or bacteria. Not only does fermentation help to preserve food like vegetables, but it produces food products that aid digestion, support your immune system and improve your skin health and your mood. Fermented foods are a great source of probiotics that provide beneficial bacteria to help improve your gut health. Luckily for you, we have a list of some great fermented food products to include into your diet.

Try out the fermented food trend with these products!

1. Kombucha: This is what might be the holy grail of fermented food products. Kombucha is an incredibly popular beverage right now among health and fitness junkies. The benefits of this drink are that it improves digestion, aids weight loss, detoxes the body, increases energy, supports the immune system, minimizes joint pain and helps prevent cancer.

2. Pickles: Who doesn't love a good sour pickle on the side of your favorite deli sandwich? If you do, you're in luck, because pickles contain vitamins and minerals, antioxidants and gut-friendly bacteria. Make sure to purchase organic pickles to get the full benefits of the salty snack.

Love & Libations: Heat Up Your Relationship with a Date Night in the Kitchen

by

[Yolanda Shoshana](#)

Preparing a nice home-cooked meal on a [date night](#) with your partner is one of the sexiest things that you can do together. It's also important to pair your food with the right spirit or

wine. There are some [celebrity chefs](#) who have the perfect libations to add a sensual touch to your dinner table.

Ideas for Date Nights at Home

If you are a foodie, you have probably already gone to an Alain Ducasse restaurant. The celebrity chef has around 19 Michelin stars under his belt. Ducasse partnered with Grey Goose to create the first gastronomy vodka called Grey Goose Interpreted by Ducasse. Basically, the vodka was made to pair with food. Since it has notes of coffee, chocolate, and vanilla, it would be great to pair with something from the slow cooker on a night that you and your partner plan to stay in. It would be particularly wonderful with a mole sauce.

If anyone should be in the libation business, it's Martha Stewart: She shows us how to cook and entertain better than anyone. She finally got into the wine game by creating a wine club with some of her favorite picks. Joining the club could be a great way for you and your boo to plan your meal based on wines from around the world. Stewart has plenty of aphrodisiac recipes available to whip up that can go with your wine choice. Don't forget to try new dishes! It adds to the excitement.

If you are into Italian wines, then chef Lidia Bastianich has the right wine for you. Besides hosting a television show, Bastianich is a restaurateur mainly on the East Coast, but she has a spot in Kansas City too. She founded the Bastianich Winery in 1997 in the Friuli-Venezia Giulia area of Italy. Since she has various cookbooks, you and your partner could select one of her recipes and pair it with one of her wines. If white wine is your choice, the Bastianich Vespa Bianco would be great with fish. On the flipside, the Bastianich Vespa Rosso is the perfect selection for a red sauce dish –

and just because red wine is sexy.

Plus, pizza and wine are the perfect pairing for a night of romance.

Celebrity Diets: 5 Celebrity-Approved Diets to Achieve Your Summer Body

By

[Jessica Gomez](#)

Summer is here, and some of us have been procrastinating on getting in shape for fun in the sun, or maybe are just not quite there yet. Dieting is a challenge for most of us, so it's important to find one that is right for you. Some research suggests that choosing a diet you can stick to is more important than which diet you choose. Consistency is key, so choosing the most realistic diet for yourself is essential in reaching your goal.

Not every diet works for everyone, so here are five celebrity diets to choose from to lose weight. Let the diet and fitness tips begin!

Try one, try some, or try all of these celebrity diets! All of these diets are celebrity-approved and vegan-friendly! Some are full plans, and others are tips you can incorporate into your own diet:

1. Hot Lemon Water: Drink it right after waking up. Many celebrities have tried this tactic – Elle MacPherson, [Lauren Conrad](#), [Beyoncé](#), Gwyneth Paltrow, and Miranda Kerr are a few! The diet consists of a simple daily routine: drinking a cup of warm water with at least one tablespoon of fresh lemon juice. Lemon juice is highly acidic, so the mixture of it with warm water helps digestion by kick starting it early in the morning. For even better results, drink a cup before each meal instead of just before breakfast.

Related Link: [Celebrity Chef Recipes to Help You Eat Healthy This Year](#)

2. Master Cleanse: This is an all-liquid diet. Beyoncé did a master cleanse, while incorporating cayenne lemon water into her all-liquid diet. You can also try juicing as a master cleanse. Make some at home or get some from your nearest juice bar. Juice fasting is a good way to lose weight because you can receive the raw nutrients of vegetables and fruits, and since it's in liquid form, you digest it much easier. See the pounds fall right off!

3. Baby Food Diet: To some this may sound gross and to others, yummy. Baby food is no longer just for babies! The diet is based on eating baby food as your first two meals of the day and then eating a healthy dinner. Baby food is low in calories and is easy to digest. About 14 jars of baby food, up to 75 calories each (the less the better), should replace breakfast and lunch. For dinner, it's your choice! To aim for a healthy dinner, just try to lay off of anything fried or high in sugar, carbs, or salt. Celebrities like [Lady Gaga](#) and Camila Alves have tried this diet!

Related Link: [Celebrity Chef Recipe: Meal-planning Made Delicious](#)

4. Macrobiotic Diet: This strict diet is pretty famous due to Madonna. Meat, dairy, eggs, and wheat are all excluded from

your meals for this diet. Other foods are fair game, like brown rice and other whole grains such as barley, millet, oats, and quinoa. The diet encourages “sea vegetables” as well. What are sea vegetables? Arame, nori, kombu, and kelp are few vegetables originating from the sea. These lower cholesterol, detoxify your body, and fights constipation and aging as well.

5. Apple Cider Vinegar Shots: Before every meal, take a shot of apple cider vinegar, measuring to around a teaspoon. Celebrities like Megan Fox have tried this diet. If you feel like you can't take the shot neat, you can mix two teaspoons into water. If the taste is still too unpleasant for you, you can add a sweetener like honey or maple syrup. Of course, neat shots and diluting the vinegar in water are more effective. This diet takes time – you must take it consistently over a long period of time. The acetic acid has fat-burning properties that influence your fat metabolism, stopping your body from storing fat, and instead using it as a form of energy.

celebrity chef in no time! Check out these meal planning ideas inspired by [Jennifer Lopez](#)'s diet and the creative substitutes [Kim Kardashian](#) makes.

1. It starts with the protein: Have you ever noticed that the bigger the cut of protein is the cheaper it is? This is because it requires you to do a little fabrication: basically, the art of butchery. If you don't feel comfortable about breaking down a whole chicken, look for large portions, such as loins and roasts. You can cut these into stew meat, pork chops, or leave it as a roast. Buying these large portion saves you money, requires only a little prep ahead of time, and you can freeze any leftover cuts until you're ready to use.

2. Seasonal vegetables: Meal-prepping made easy and cheap means using readily available resources. While most grocery stores have a variety of vegetables year-round, the ones in season tend to be cheaper and, tastier, and much more delicious. Summer squashes can be used in pasta, stews, or sides for traditional entrées. Get creative and challenge yourself to use vegetables in every dish in a variety of ways.

3. Leftovers anyone: What's easier than an already prepped meal? Not everyone loves leftovers, but some dishes taste better as they age. Stews and soups continue to develop flavor as they sit in the fridge ready to be eaten. Yes, some people don't like leftovers, so consider smaller batches, but it's already a meal prepared that just needs to be reheated.

4. The back-of-the-pantry meal: Have you ever seen Chopped? They require contestants to use unusual ingredients to prepare normal meals. When you're running short on time and can't go

to the store, digging around in your pantry can actually produce some unique dishes. It can be fun to challenge yourself.

5. To freeze or not to freeze: The ultimate in meal-prepping, preparing a dish ahead of time and saving it for later is incredible for a lot of people. If you have an afternoon free on a weekend, preparing a lasagna or casserole and freezing it makes an evening later in the week that much easier. Not everyone has time to cook an entire meal beforehand, thus the previous suggestions, but take that free time and get in the kitchen. You'll thank yourself later!

Popular Restaurants: Are Liquid Nitrogen Cocktails Safe?

By

[Melissa Lee](#)

Mixing liquid nitrogen with your favorite drink might not sound like the greatest idea – but it's actually a food trend that's become quite popular within the past year. Restaurants like [Employees Only](#) and [Please Don't Tell](#) in NYC are known for their creative drinks, liquid nitrogen cocktails being one of them. Although this may seem like an awesome idea, it raises a pretty important question – are they even safe?

Popular restaurants have been serving up liquid nitrogen cocktails, but Cupid's here to let you know whether or not these drinks are a good idea.

1. We consume liquid nitrogen all the time: First off, it's important to know that liquid nitrogen to make certain foods like ice cream, but this is not the same form of consumption that occurs in liquid nitrogen drinks. When it's in ice cream, the nitrogen has already evaporated, so it's a-okay to eat. However, with these cocktails, most bartenders tend to chill the glasses in liquid nitrogen – but the bartender should be trained in the proper use of the element.

Related Link: [Famous Restaurants: Hottest Happy Hours in NYC](#)

2. It is non-toxic: Research has been done to reveal that nitrogen is technically non-toxic, but this doesn't necessarily alleviate all safety hazards. Liquid nitrogen is still cold enough to cause frostbite. Additionally, even if it evaporates, the remaining liquid can be dangerously cold and even has the power to leak into tissues after the nitrogen gas exerts pressure.

Related Link: [Popular Restaurants: Best Bagels in NYC](#)

3. Drink in moderation: As long as the bartender is familiar with liquid nitrogen and is aware of safety pre-cautions, having one cocktail shouldn't result in anything dangerous. But this shouldn't become your drink of choice – regularly consuming liquid nitrogen in this form can cause severe damage to your mouth, stomach and esophagus.

5 Surprising Foods Your Favorite Celebrity Chefs Love to Hate

By

[Noelle Downey](#)

When it comes to our favorite foodies, celebrity chefs may just take the cake. Whether you're curling up on the sofa to watch your favorite cooking show with your sweetheart on a date night or visiting famous cook's restaurants on a romantic

getaway, we all love to experience the wonderful world of fine-dining and elevated cuisine. But even the chefs behind some of the most famous restaurants out there have foods that will make them turn up their nose in disgust. Whether it's something many of us might cringe to nibble on or a dish some might view as a culinary treat, these chefs take picky eating to another level with their hatred of these five key foods.

From the understandable to the weird and wacky, here are the top five foods your favorite celebrity chefs just can't stand.

1. Raw Red Onion: Anyway who's a regular viewer of the Food Network sensation *Chopped* will be familiar with the debonair judge, Scott Conant. Whether he's critiquing chef's dishes after frantic timed rounds, managing one of his award-winning restaurants, or writing his next bestselling cookbook, Conant keeps busy making use of his incredible palate. But if you're serving a meal to this celebrity chef, make sure that you leave one key ingredient off the plate: raw red onions. Conant famously hates the taste of this raw vegetable, so much so that contestants on *Chopped* have gone out of their way to avoid serving it to the otherwise open-minded chef.

2. Airplane Food: While all of us may occasionally turn up our noses at the fare served on some low-budget airlines, one famously high-tempered celebrity chef absolutely refuses to let a bite of even a first-class offering pass his lips. Gordon Ramsay, famed chef on such food-centric reality TV shows as *Hell's Kitchen* and *Kitchen Nightmares*, has thoroughly damned airplane food, speaking more harshly of it than even

perhaps some of the lesser dishes served up to him on his uniquely intense and competitive television programs. If you're looking to please this spiky-haired chef, try not to be the flight attendant bringing him his dinner!

Related Link: [How Celebrity Chefs Love Their Mates With Food](#)

3. Goat Cheese: While it's a staple of some delicious salads, sandwiches, and more, goat cheese isn't the favorite food of every celebrity chef. In particular, Melissa d'Arabian, celebrity mom, television host, and cookbook author, who claims that goat cheese, "tastes like the smell of a manger!" If you're looking to keep on the good side of this Super Momma and her captivating culinary creations, make sure if you ever get the chance to give her a sample of your finest dining treats, no one of them incorporate the offending cheese she hates so much.

4. Cream Cheese: When it comes to another kind of offending dairy, cream cheese is next up on the list. Cooking Channel's very own Kelsey Nixon of *Kelsey's Essentials* fame has repeatedly shared her dislike for this unassuming spread. While thousands of people across America and beyond will reach into their fridge to retrieve this creamy addition to their morning bagel, Nixon turns up her nose, stating, "I refuse to eat cream cheese unless it's sweetened and found in some sort of frosting."

5. Whole Fish: While fish with the head and tail intact are often served in fine-dining establishments as a delicacy, some celebrity chefs swear that this particular type of culinary excellence is just too creepy to consume. *The Biggest Loser's* chef Devin Alexander, famous for her take on healthy-version of contestant's favorite comfort foods, claims that she can't stomach any type of food that "looks back" at her. "I'm sorry," Alexander admits, "but fish filets only, please!"

can't abide by? Are any of your favorites on this list. Let us know in the comments.
