#### **Cupid's Advice:**

In today's world, many people who like comic books, or follow a comic book series, are considered to be a bit nerdy. Some people are intimidated by the thought of dating someone who is smarter than them, and others see it as an exciting, new experience. So, if you're considering dating someone who is smarter than you, Cupid has a few words of advice.

**1. Don't be intimidated:** It's natural for anyone to be a bit intimidated by someone who seems to know more than them, but if you're looking to date someone with more smarts, remain calm! Look at it this way; if you're dating someone smarter than you, chances are you're going to be learning a lot. Sure, you may never get on their level, but you'll have a greater knowledge bank.

**2. See them as a person first:** We all have more in common than we think. Just because the person you're dating is smarter than you, it doesn't mean that they won't or don't like some of the things you like to do. Don't be afraid to show them who you are.

**3. Ask questions:** Everyone loves talking about themselves! And, even if the person you're out with is talking about

subjects' way over your head, don't be afraid to ask questions. This helps you look like you're interested in them and what they're interested in as well. And, they'll feel great passing on their knowledge and opinions about specific subjects.
