In celebrity news, Khloe Kardashian’s boyfriend Tristan Thompson is tired from dealing with

cheating allegations. What are some signs that your partner is being unfaithful?

Cupid's Advice:

Being cheated on is a completely awful experience. Cupid has some signs to tell if your partner isn't being faithful:

1. They're keeping secrets: If your partner is hiding things from you, it definitely means there's something up. Relationships should be open and honest and it's not right if your companion is refusing to talk to you about certain things. But, it doesn't necessarily mean that you're being cheated on, it could be something else your beau is hiding, so make sure to talk to him or her about it.

2. Your partner seems bored: Less intimacy and connection in a relationship could be a sign that there is some infidelity going on. If your beau seems to lack interest in spending time with you, it could be a signal that they have been seeking comfort elsewhere.

3. Constant fighting: Sure, the occasional fight is normal, but if your partner is constantly trying to pick fights with you, it could be because they are trying to validate their reason for cheating (as in they want to believe your relationship is already on the rocks). If your beau is being constantly defensive and looking for ways to start conflict, then they could potentially be cheating on you.

Parenting Tips: Make Popsicles with Your Kids This Summer

By [Haley Lerner](#)

In the summer, school is out and your kids are typically spending more time at home. This means that coupled with the sticky hot weather, you have rambunctious children to entertain! Everyone knows the perfect summer treat to cool down is ice cream, but instead of waiting for the ice cream truck to come down your block, why not make a yummy dessert yourself? Or even better, have your little tots help you make them. We have the [parenting advice](#) to help make your summer extra sweet with homemade popsicles.

Check out these parenting tips on how to make popsicles with your kids this summer:

1. Pick out ingredients: Head to the grocery store, and let your child pick out his or her favorite popsicle ingredients. If you're looking to go the simple route, any fruit juice is a good base. If you're ready to put more work into it (and have

a juicer/blender at home), pick out some fresh fruit (and some green veggies if you can manage to sneak them in). Consider picking up whole fruits like blueberries or strawberries to throw in at the end as well.

2. Get a mold: It's important you have something to put all that fruit juice into, so while you're at the grocery store, pick out some small paper cups. Some stores even sell special popsicle molds. Don't forget to grab popsicle sticks, too!

3. Put it all together: Once home with all of your ingredients, enlist the help of your kid(s) to help put the popsicles together. Help your child pour the juice or fruit puree (after you blend it) into the popsicle molds. It's the perfect parent-child activity that will be super fun for your little chef.

4. Let it freeze: After placing popsicle sticks in the middle of your fruit juice, carefully put all the molds in the freezer and take them out when the pops are frozen. Then, carefully pull the mold off and give your child the perfect frozen treat!

Fitness Tips: How to Stretch In the Morning

By [Haley Lerner](#)

Waking up in the morning can be tough, especially if it's early! A great way to increase your energy levels is to start your day by stretching. Stretching is proven to prevent injury and relieve pain by increasing your range of motion, taking pressure off of your joints, and preparing you to exercise so you can get that [celebrity body](#) you've been dreaming of. It also improves circulation to your muscles, helping your body recover faster. Plus, it helps to relieve stress so you can unwind and calmly start your day. But, while stretching in the morning, you want to make sure you're doing it right! We've got some [fitness secrets](#) to help you stretch properly in the morning.

Check out these fitness tips to help you stretch the right way!

1. Warm up: Before you start stretching, it's important your body is ready for the task. If you stretch right when you wake up, you have an increased risk of getting injured. This is because while you're asleep, your spine swells with fluid, so it's vital to warm up first to prevent muscle strain. Try doing jumping jacks or walking around your home for 10 minutes to get your body ready to stretch.

2. Form a routine: If you want to make stretching a part of your daily schedule, putting together a routine will make the practice easier to manage. Find what muscles in your body feel tight and target those areas. Creating a routine means doing the same stretches daily, therefore increasing your flexibility in those focus areas.

Related Link: [Fitness Secrets: 5 Simple Tips to Stay Healthy](#)

3. Don't hold your breath: When stretching, it's important you aren't holding your breath, as this will result in your muscles tensing. Instead, try to relax and focus on exhaling

longer than you inhale. The breathing itself will help calm you, and it's sometimes helpful to practice deeper breathing by meditating as well.

4. Make sure you're not in pain: While a subtle pulling sensation can be good and show that you are properly stretching your muscles, you want to make sure you don't feel any sharp pain. If you feel a significant amount of pain, it's important to stop what you're doing. You definitely don't want to injure or irritate a problem area.

5. Cool down: After stretching, it's important to give your body a rest. Drink some water to replenish your body and focus on stabilizing your breathing. You'll feel much looser, which is the goal, but wait a few minutes before plunging into your workout routine.
