Cupid's Advice:

If you're not a naturally emotional person, it can be tough to come up with ways to show your partner you care without feeling uncomfortable. Cupid has some tips:

1. Thoughtful actions: This applies to things outside of gift giving. For instance, open your partner's garage door for him/her when you leave for the day first. Or, cook their favorite food for dinner. Showing you're thinking of your mate is almost as romantic as giving her flowers.

2. Plan a surprise: You don't necessarily have to think big with this piece of dating advice. Even if your surprise consists of picking up her favorite ice cream at the store before heading home from work, anything unexpected is appreciated.

3. Include them: This may seem obvious, but simply including your partner in your thoughts and dreams counts for a lot. If you're thinking about looking into a new career path, let them know where your thoughts are. You don't have to have a fully formed plan in place to clue your partner in.
