Should you go out right after a breakup?

Cupid's Advice:

Every breakup is different. Therefore, what works as the remedy for one breakup may not work for another. However, you are doing yourself a disservice if you don't give love another chance:

1. Try going out in a group: When you go on a group date, there's a lot less pressure. This is perfect if you are still getting over a breakup.

2. Go out with someone in the same situation: It may be a good idea to date someone who is also getting over a breakup. That way you both understand what each other is going through.

3. Get to know yourself: After a split, it may be time to take up a hobby or do something you didn't have the time to do before.

Justin Timberlake Reportedly Caught Cheating

Justin Timberlake

reportedly cheated on his main squeeze, actress Jessica Biel. According to [Us Weekly](#), the singer/actor was fooling around behind Biel's back with actress Olivia Munn this past September. Munn is best known as a *Daily Show* correspondent and stars in the upcoming NBC series *Perfect Couples*. According to an insider, after exchanging numbers with the actress, he "started chasing her immediately." The source also adds that Munn resisted his advances, telling him it was a no-go if he was still with Biel. But Timberlake "has been telling people it's over with Jessica, even though the reality is he's just doing it behind her back." Timberlake's rep says the accusations are false, while Munn's rep refuses to comment on her personal life. It seems a lot of celebrity relationships are heated these days!

How can you resist the cheating temptation?

Cupid's Advice:

While we don't know for certain the details behind Justin Timberlake's apparent cheating escapade, many men and women in relationships will often find themselves staving off the temptation to cheat. Cupid has some advice to help you work through the urge:

1. Explore your feelings: Ask yourself why the temptation is there in the first place. While there is nothing wrong with a wandering eye or some harmless flirting, if you find yourself wanting to take it to the next level, your so-called relationship might not be as strong as you originally thought.

2. Think of the future: Before you cheat, take a moment to think about what the future could hold with your partner or spouse. Is it really worth giving up a wonderful life with someone special just for what you may consider the thrill of cheating?

3. Consider the consequences: If you cheat, whatever relationship you're currently involved in will most likely end badly. There is nothing good to come out of cheating, and the devastating consequences could hurt not only your significant other, but also your family and children (if there are any in the picture).
