In celebrity news, Taylor Swift gave fans rare insight into her relationship with boyfriend Joe Alwyn. What are some reasons to keep details about your relationship to yourself?

Cupid's Advice:

There is nothing wrong with wanting to keep some of the details about your relationship to yourself, whether it one that is relatively new or one you've been in for years. If you are looking for some reasons to keep details about your relationship to yourself, Cupid has some advice for you:

1. Past traumas: If you've experienced some kind of public fallout from a break-up in the past, you may want to keep your future relationships more private. Keeping this quiet and revealing selective details is a great alternative to sharing everything if you don't want to!

2. Don't do anything to aggravate the situation: Misunderstandings are bound to happen amongst family and friends when a new relationship starts. Cupid's Advice:

In any relationship, you and your partner should always discuss what things you both feel are private in your relationship. Cupid has some things to keep in mind about

privacy in your relationship:

1. Social media: If you open up on social media about your current relationship, exes that you're still friends with may see what you're doing and may try causing drama in your life. Revealing too much about your relationship can leave you open and exposed to the antics of a rejected ex.

2. Everyone won't be happy for you: Your relationship may bring you haters. Not everyone will rejoice in the sight of your union, which will leave you and your partner open to critics. The fewer people who know about your private life, the less feedback you'll have to deal with.

3. Added pressure on your relationship: By putting your relationship out in the open, you give people permission to idolize your relationship. Sharing your every move in your private life can put your relationship in a position to be the prototype of what real love is. This can convince people that they want what you have solely based on what they have seen. This can put a lot of pressure on you and your relationship. You may want to go above and beyond the expectations for your followers, which makes it easy to lose sight of what's really important, building an unbreakable bond with your significant other.

Celebrity News: Taylor Swift's Ex Turned Her Into 'Quasimodo,' According to BFF Todrick Hall

By [Karley Kemble](#)

[Taylor Swift](#) is infamous for being dramatic about her exes. If 2017 has shown us anything, it's that Swift is tired of being defined by the media. From winning a defining court case as a victim of sexual assault, to releasing her sixth album, Swift's past reputation is slowly, but surely being forgotten. In the latest [celebrity news](#), one of Swift's closest friend Todrick Hall has revealed some vulnerable details about her most recent [celebrity ex](#), reports [EOnline.com](#). According to Hall, Swift would "hunch over" at the mere mention of her ex's name – so he edited a photo of her to look like Quasimodo and told her, "You cannot turn into Quasimodo for this guy. Every time you say his name, you hunch over." Though her most recent relationship ended with a break-up, Hall said that his bestie is happier than ever with her current beau, Joe Alwyn.

In celebrity news, even Taylor Swift fell victim to an unhealthy relationship. What are some ways to know you're in an unhealthy relationship?

Cupid's Advice:

Unhealthy relationships are emotionally draining, and it's best to end them before things worsen. If you think you might be in an unhealthy relationship, read these tips from Cupid:

1. They're too attached: Sure, it's normal to be a little clingy to your partner, but there is a line that must be drawn. Make sure you are aware of the differences between healthy attachment and emotional manipulation. Phrases like "I'll die if you ever break up with me" should never be taken lightly. Emotional manipulation is never, ever okay.

2. They constantly blame you: If your partner finds a way to spin every argument or disagreement you have and makes *you* feel like the bad guy, that is a telling sign of an unhealthy relationship. You are entitled to your feelings and opinions, and your partner should never invalidate you for being too sensitive or for overreacting. Beware of this if it arises.

3. You're changing for the wrong reasons: You and your partner should bring out the best in each other. Any changes you make in your life should always be because *you* want to – not because you think it's what your partner would want for you. It's cliché, but staying true to your core values is important, and you should never lose sight of that!

1. Surprise each other: Never underestimate the power of a random surprise. Leave a cute note in the pocket of their jeans or in the glove box of their car. The more seemingly random your hiding spot is, the bigger the surprise will be!

2. Embrace spontaneity: We are creatures of habit, and it's easy to feel attached to routine. Your relationship should never feel like a chore! By Melissa Lee

Even after [EOnline.com](https://www.fox.com) learned about their [celebrity relationship](#) in May, [celebrity couple Taylor Swift](#) and Joe Alwyn have continued to keep their relationship on the down low. Cupid's Advice:

New relationships can be super fun, but sometimes it's nicer to keep those moments private. Cupid has some advice on why it can be beneficial to stay quiet at first:

1. There's minimal pressure: When you keep your relationship private for a bit, pressures from your friends and family won't be as common. Your mom won't be constantly asking when she can meet your partner, and sometimes those low-key nights in seem a bit more fun than going out with all of their friends!

3. Oversharing won't be a problem: Relationships are usually only meant for the two people involved.
