Justin and Jennifer's celebrity break-up is fairly new, but it looks like at least one of them is moving on. What are some things to consider before moving on after a break-up or divorce?

Cupid's Advice:

Moving on after a break-up can be extremely difficult

sometimes. What can be even worse is deciding whether to move on or not. Here are some things you should consider before moving on:

1. Why did you both break up?: Was the break-up over something not worth it or was it over something that was? Sometimes we break-up out of anger or over something that we think we cannot move past, but do. Evaluate things, make sure that the break-up happened for the right reasons and you're okay with that decision.

Celebrity Break-Up: Cheating Didn't Play a Role in Jennifer Aniston & Justin Theroux's Split

By [Carly Horowitz](#)

The [Jennifer Aniston](#) and Justin Theroux [celebrity break-up](#) has been the [latest celebrity gossip](#) in everyone's ears the past few days. According to [UsMagazine.com](#), in order to decrease speculation, a source explained that cheating didn't play a role in the celebrity break-up between Aniston and Theroux. "The split is very mutual. They truly want each other to be happy and wish the best for one another," the source said. "Cheating is not the reason for the split and did not happen."

A source also said that even though cheating did not play a role in this split, distance may have.

This celebrity break-up didn't involve a cheating scandal. What are some ways to know if your partner is cheating?

Cupid's Advice:

It is definitely not beneficial to be on guard all the time about if your partner is cheating on you, but it isn't bad to be aware that it could happen. Here are some signs that may indicate that there is some infidelity occurring in your relationship:

1. Less time together: If your partner randomly begins to have less time for you, they may be spending time with someone else. Obviously if your partner just got a new job or is dealing with some occurrence, they might have less time to spend with you because of that. Talk to your partner and ask why your time together has decreased.

2. Emotional distance: You may begin to notice that something in your relationship just doesn't feel the same. You're not connecting on that emotional level anymore. That may just be because you have gotten very comfortable in your relationship, or it may indicate that the emotional energy that your partner used to put into you is now going towards someone else. Be open and bring this emotional distance to your partner's attention.

3. They guard their phone: Your partner should be relatively open with their phones around you if they have nothing to hide. If out of the blue your partner starts making sure you cannot view their phone, that may not be a good sign. Overall, you can't be sure of anything unless you have proof and you don't want to go out searching for signs of cheating. Just live happily in your relationship and if you really do feel like something may be up, talk to your partner. Hopefully they will be honest with you.

Relationship Advice: Don't Let Distance & Lifestyle End Your Relationship

By Dr. Jane Greer

People in distance relationships, whether by choice or necessity, are able to have success with a great deal of effort and flexibility. In order to make the relationship work, there must be a strong desire to be together, and a willingness between both partners to make room for each other's respective needs. However, love does not conquer all, regardless if you are a celebrity or not.

Is it possible to find a resolution? Read on for more [relationship advice](#):

Recently, [celebrity couple Jennifer Aniston](#) and Justin Theroux announced their [celebrity divorce](#) after two years of marriage, stating it was a mutual decision to part ways. While Aniston and Theroux love and respect each other, they said they simply couldn't agree on a lifestyle that worked for each other. This is a common issue couples may face: you can love

someone, and still desire to live differently than them, or even desire to live in an entirely different place than them.

Splits like the one between Aniston and Theroux are often caused by the inability to find the middle ground when trying to successfully make a home in the same place. Compromise is hard enough for two people who live under the same roof, but when partners are separated by differing work schedules or physical office placement, compromise can be extremely challenging. The key to keeping the peace is to commit to a place together, making sure that both partners are happy and do not feel as though they have sacrificed their happiness and well-being.

Related Link: [Relationship Advice: What If Your Family Doesn't Approve Of Your Partner?](#)

So, if you're in a long distance relationship right now, what should you consider before packing up your life and moving to a new place with your significant other, to best guarantee a successful outcome? How can you be sure you or your partner are sacrificing enough, without negatively impacting your relationship?

Above all, you and your partner must be in love. This is the most important box to check, as it gives each of you the ability to be open to change because you'll be with your loved one. While this is a starting point, it might not be enough, as we saw with Jennifer and Justin. When deciding to take the plunge, be sure to ask yourself: do you actually like the place you're moving to? Will it take away your happiness?

Related Link: [Relationship Advice: Is a Bad Boy Good for You?](#)

Here's some food for thought. If one of you lives in a sunny place, but the other one simply hates the sun, or if one of you lives in a rural community and the other thrives on city life, where to move might not be an easy choice to make. If all your friends live in your current town, would you resent

moving away from them to be with your love? Think about how all of this might affect your day-to-day life, mood, and eventually, your relationship. If, on the other hand, your partner lives in New York City, a place you've always wanted live, great! Leaving your loved ones behind won't matter as much. Talk to your partner and hash out the details. A temporary move might not be a deal breaker. A permanent one may be, though.

It is most important to think about your relationship, what it means to you, and where you can find happiness and friends in your new home. Is this decision mutual? Do each of you want it as much as the other? Does moving mean you're ready to take the next step towards engagement?

Related Link: [Relationship Advice: When Is the Old New Again?](#)

It is also important to consider the strength of your connection, especially during the triumphs and tribulations. Up until now, most of the time you've spent together was special and seemingly perfect. (It's called the honeymoon phase for a reason!) You have probably tried to be on your best behavior at all times to maintain the picturesque image. Once you move, it will be more difficult to keep up the guise.

Ultimately, if you are moving for the right reasons; for love and for openness to adventure, it is less likely that you will feel as though you have lost yourself. What really helps is when you are connected with a partner who has similar aspirations, wants, likes, and needs. In the end it, it should not feel like either of you are sacrificing your "me" to be a "we." This wasn't possible for Jennifer and Justin, but hopefully they can both move forward and find happiness apart.

Celebrity News: Would Jennifer Aniston Get Back Together With Brad Pitt?

By [Jessica Gomez](#)

Former [celebrity couple Jennifer Aniston](#) and Justin Theroux's split is raising a certain question: will [celebrity exes](#) Aniston and [Brad Pitt](#) be getting back together now that they're both single? According to [UsMagazine.com](#), Aniston and Pitt will not be rekindling their [celebrity relationship](#) after all. "Jen wouldn't consider being with Brad in a romantic way," a friend of Aniston's said. "But there is always a spot in her heart for him." As for Pitt, a source said, "Brad is sad to hear about Jen's divorce. He only wishes the best for her. However, Brad hasn't reached out to Jen, and has no plans to do so at this point."

In this [celebrity news](#), fans are speculating about Jennifer Aniston and Brad Pitt now that both have gone through splits. What are some things to consider before getting back together with an ex?

Cupid's Advice:

Whether or not to get back with an ex is an important decision. It isn't always an easy one either. Cupid has some things to consider before making the choice:

1. Have you both moved on from the reason you both broke up?: Think about the reason why you both broke up in the first place. Was it for a good reason or was it circumstantial? Then, also think about whether you both have forgiven each other completely for past mistakes. If you have, then that can be a good sign – if not, then not so much. If you feel like you haven't forgiven your ex for something, then that problem

will probably constantly arise during your reconciled relationship.

2. Do you see a future with your ex?: Why go back to an ex if you don't think it's going to be serious and no good future ahead? Think about this thoroughly – sometimes we see a future with someone, but that future comes with unnecessary obstacles and negativity. If this is the case, then it may be a sign that your ex is meant to stay an ex. Think about this while spending some time apart – it's something big to ponder.

3. What are reasons to get back together and not get back together?: Pro and con lists are good ones to make. Be fair and think about why you should get back together with your ex and why you shouldn't. Then, weigh it all. Certain things weigh more than others, so be honest and just with yourself when considering all the information. Making a list with a friend can help, as long as that friend isn't necessarily biased.

Will Jennifer Aniston Change Her Name Post-Celebrity Marriage to Justin Theroux?

By Abbi Compel

Recently married celebrity couple [Jennifer Aniston](#) and Justin Theroux have been receiving questions about whether or not the actress plans to change her last name. According to [UsMagazine.com](#), following their celebrity marriage in August, Theroux joked around in an interview with *Extra*, “I made her change both names, so she’s now Justin Theroux.” He also added, “I think ‘Aniston’ is going to stick with her if she likes it or not.” So it’s safe to say that the former *Friends* star’s well-known moniker will still be around in spite of her

recent celebrity marriage! In other news, the famous couple have been enjoying being newlyweds, especially with their celebrity honeymoon in Bora Bora.

It doesn't look like this celebrity marriage is sparking a name change. What are some factors to consider when it comes to changing your name post-marriage?

Cupid's Advice:

Choosing whether or not to change your last name can be difficult. Here are some reasons why you may want to stick with your maiden name:

1. Your last name just fits: If you're older in age and have had the same name for quite some time, it may sound better to you – and there is nothing wrong with that. Or, like Aniston, you may have a solid career where people have known you by the same name for many years.

[Jennifer Aniston](#) and Justin Theroux have returned to work not even a month after their celebrity wedding ceremony. This married celebrity couple is back to reality! What are some ways to smoothly transition into married life?

Cupid's Advice:

Getting married is the most exciting and frightening time of your life, so it's natural to feel a little uneasy about the future. You want to keep parts of your previous single life while still accepting this new period of marital bliss. Cupid is here to help you find your balance in married life:

1. Comfort items: Just because you're married doesn't mean you need to toss all aspects of your old life. You want to save items that remind you you're still an individual. For example, keep pictures with your friends on the wall to remind you to still cherish them.

with a book, coffee or a nap.

1. Consider why you want to introduce your friends and family to your new partner: This may seem like an odd question, but it's really one to consider. Do you want your new partner to see every piece of your life? Are you close to your friends and family and share everything with them?

Celebrity Couple Predictions: Jennifer Aniston, Caitlyn Jenner and Elizabeth Olsen

By [Shoshi](#)

The latest celebrity news has been brimming with romance gossip. Recently, these famous couples have made headlines for their relationships and love, whether it be Jennifer Aniston's secret [celebrity wedding](#), Caitlyn Jenner's budding romance, or Elizabeth Olsen's new beau. Check out my predictions for the three celebrity couples below and find out what's next in their love lives!

Celebrity Couple Predictions and the Latest Celebrity News

Jennifer Aniston and Justin Theroux: Fans of [Jennifer Aniston](#) let out sighs of relief when it was announced that she *finally* married Justin Theroux. We were all wondering if this marriage was ever going to happen! Now that the two have walked down the aisle, the media can finally stop making the actress look pathetic when it comes to love. I never believed that she was as miserable as people wanted her to be. She dated quite a few cuties along the way – why should she have to settle down?

As a relationship expert, I see good energy for this celebrity couple. Everything should work out if they are committed to making their marriage work when they hit bumpy times. Soon, there will be celebrity break-up rumors, but pay no attention to them.

Theroux has seen a dramatic upgrade in his living situation since he started dating Aniston. That is not to say his bank account is anything to side eye. When it comes to money, the *Friends* alum is clearly the one with more. I see a big prenuptial agreement in place if this marriage ever takes a turn for the worse. It looks like there is a cheating clause, which is ironic since it is speculated that Aniston may have swooped in on Theroux when he was in a relationship. All the best to these two! May that prenup gather dust and never be used.

Caitlyn Jenner and Candis Cayne: [Caitlyn Jenner](#) has faced her share of relationships rumors. Now, everyone wants to know who she will date: men or women, maybe even both. All eyes are currently on the relationship that she has with Candis Cayne.

Are they dating or not? As I take a look at these two, what I see is really close friendship. At least for now. You know how things in the Kardashian world can change! Jenner can learn from Cayne as well as talk to her about things that her family cannot understand. That being said, like most people who are brought into the Kardashian mix, Cayne is benefiting from being Jenner's best girlfriend. It is a win-win situation for both of them. Just don't look for them to step out as a famous couple. It's unfortunate – they would be so hot together!

Elizabeth Olsen and Tom Hiddleston: It looks like Mary Kate and Ashley Olsen's little sister Elizabeth is dating British actor Tom Hiddleston. The two haven't confirmed that they're dating, but photos are showing that they seem pretty darn close. The alleged famous couple met while playing husband and wife on the set of *I Saw The Light*, a movie about Hank and Audrey Williams. While they make a good-looking pair, it looks like it will only be a casual romance. Olsen broke up with her fiancé at the beginning of this year, and a serious relationship is not on her mind right now. She wants to have a bit fun instead. As for Hiddleston? He is becoming hot in the business, so he will add a few gorgeous starlets to his little black book to fit right in with the other eligible bachelors in Hollywood.
