### **Cupid's Advice:**

Long engagements are the norm when it comes to getting married, but short engagements are the new trend. Cupid has some benefits of a quick engagement:

**1. You get married sooner:** By having a short engagement you get to marry the person you love faster. If you truly love your partner, what's the point of delaying something truly beautiful?

**2. Less time to quibble over decision making:** With a short engagement, you are limited, which isn't necessarily a bad thing. What that means is that your options are limited on vendors, dates etc. When you have less options, it makes it easier to make a decision. It also means less time to battle over every pro and con on your wedding.
