Cupid's Advice:

We have all heard the saying that age is just a number. But it is definitely true that age comes with experience, and it is a serious responsibility to care for a child. Here are some things to consider if there is a large age gap in your relationship:

1. Be prepared to handle the differences: It is beneficial to understand that if you are in a relationship with someone where there is a large age difference between you two, you are going to encounter some generational contrasts. You may have different musical interests and perspectives on life, but maybe that's what makes it so exciting for you!

2. Maturity: Maturity does come with age but we can't deny that we have met some 19-year-olds that seem more mature than some 30-year-olds that we have met. It all depends on the person. If you are with someone who is relatively young but they show a lot of maturity, then that is great and your relationship will probably work out really well.
