Travel Tips: Visit the Grand Canyon

By [Mara Miller](#)

The Grand Canyon is a great place to visit if you're searching for [travel tips](#)! Located primarily in Arizona, it also borders Utah and Nevada. The canyon itself is 227 miles long, 18 miles wide, and more than a mile deep. It has been the home to Native Americans for 10,000 years and has a rich archaeological history. Today, it is a national park with hiking, mule rides, river tours, and bicycling.

There's a lot to do if you're going to visit the Grand Canyon! Follow these travel tips as you plan your trip:

1. Mule Rides: If you're comfortable with riding a mule and want to experience the Grand Canyon's beauty. Keep in mind that if you want to go on a mule ride you must book your trip 15 months in advance (so start planning early!). There is a

waiting list but it is not guaranteed that you'll get to go on a mule ride if someone else cancels their trip. There are specific mule ride restrictions depending on which rim you decide to go to so be sure to check that before you make reservations.

2. Day Hiking: Hiking The Grand Canyon is an option if riding a mule doesn't seem appealing because of the long wait. If you're a more experienced hiker and want to go down farther into the canyon for a night stay you may need a backcountry permit, but a day hike does not have the same requirements. It's recommended that you keep plenty of water on you. It's a great way to take in the fresh air and enjoy the beauty of the canyon, though!

3. River Trips: You can get on a raft and take a guided tour on the river for one day up to twenty-one days depending on the tour that you choose. You may need a river permit depending on the type of trip and how many days you will be on the river. If it's for more than a day then you may need to apply for a river permit a year in advance.

4. Bicycling: The trail is one of the best parts in the canyon for cycling. You can bring your own bike or rent a bike to take a ride on the Hermit Road Greenway Trail. It follows the canyon rim for seven miles although beware that there are some places where it crosses the main road. Bikes must obey all traffic laws in Arizona.

In celebrity news, there may be trouble in paradise for Lala Kent. What are some things to be careful of on social media when it comes to your relationship?

Cupid's Advice:

Social media is a powerful tool, but it can also cause irreparable damage to a relationship if used unwisely. Cupid has some advice on how to be careful with social media:

1. Beware of screenshots: Screenshots can be taken on both a computer and a phone now without much effort. Choose your words carefully when sending a text message. Sometimes it is better to have a phone conversation to settle differences with your partner or friend if there is a disagreement. Do not say something that can be used against you later.

2. Not EVERYTHING has to go public: Keeping parts of your relationship between you and your partner will benefit your relationship more than you think. Sometimes we get excited about gifts and can't wait to share it because your partner was so thoughtful. This can cause jealousy. It's better to keep it to yourself unless it's a big milestone like the decision to buy a house together, or an engagement or baby announcement.

3. Consider your partner's feelings: How do they feel about a post before you post it? You should ask your partner before you share anything because what you might not feel is private may be something they would never post. Communication is key to making a relationship work and you cannot communicate efficiently if you can't even agree with what is appropriate to post online.

Fashion Trend: Bamboo Handbags

By [Mara Miller](#)

We've got a fun [fashion trend](#) and [fashion advice](#)! If you're looking for a new handbag and are tired of carrying around a heavy purse that hurts your shoulders, bamboo handbags may just be what you've been looking for. And even better: they're eco-friendly and sustainable! Bamboo handbags make a cute and unique accessory, and it's time to switch things up this year!

Are you interested in this eco-friendly fashion trend? Here are a few benefits of bamboo bags.

It's fascinating how bamboo can be used for many different things, from an arnis stick used in a sport developed in the Philippines to a practice handbag you can carry everywhere with you. Here are some of the benefits of choosing a bamboo handbag:

1. It's lightweight: Are you tired of carrying around a purse

that is heavy and makes your shoulder hurt? Bamboo bags are lightweight, but sturdy. Younger bamboo trees remain flexible so it's easier to create the bag for the manufacturer. Depending on the way the bag is made, you won't have to worry about it being too stiff when you carry it.

2. It's sustainable: Bamboo can be grown just about anywhere. Plus, it can be continuously harvested without damaging the environment (so you don't need to worry about pandas going without!) every three years.

3. It's durable: The worse thing about a fabric handbag is when the stitching starts to come undone because you've packed too much into it one too many times. A bamboo handbag will last longer than your standard fabric bag.

4. They can be rolled up for storage: Nothing is worse than a closet full of purses that take up a lot of space. Bamboo bags can be rolled up for storage until you're ready to use them again, leaving more room in your closet for other important articles of clothing or accessories.

5. The material is easy to clean: It's awful when you break a perfume bottle and you get can't the overpowering smell out of your fabric purse. Or, when your toddler decides to touch your bag with sticky fingers from a toaster pastry they recently ate. Bamboo bags are easy to clean with a quick wipe down.

6. They can be personalized: Some bamboo bags are customizable, so you can get your monogram put on the front of anything from a clutch to a tote bag.

Can you think of any other benefits to using a bamboo handbag over a traditional purse? Let us know in the comments below!

Fitness Tips: Dumbbell Training for Total Body Toning

By [Mara Miller](#)

If you've been looking for [fitness tips](#) and [fitness advice](#) to start a new morning workout routine, a bit of training with dumbbells may be just what you need! They can be used in everything from traditional bicep curls to incorporation with Pilates exercises like a glute bridge. Throw in some isometric exercises with dumbbells, and you'll get a true full total body toning experience.

We've gathered some fitness tips for working out with dumbbells for a total body toning!

1. They are inexpensive: If you don't want to shell out the cash for a gym membership, dumbbells are a great alternative. They don't take up an exorbitant amount of space like other home-exercise equipment, either.

Related Link: [Fitness Trend: Isometric Strength Training](#)

2. It's safe to train without a spotter: When you're working out for a total body toning with dumbbells, you don't need someone to sit with you to make sure you aren't lifting more than you can handle since you're only lifting a five or ten-pound weight (unless you feel you can lift more).

Related Link: [Fitness Trend: 5 Ways Hot Yoga Melts Away Calories](#)

3. It's good for bone density: Weight-bearing exercises increase bone density. While you are only lifting dumbbells to tone your muscles, consider that you must still lift the weights to actually reap any benefits associated with dumbbells. Bone density is important because having strong bones can prevent bone fractures and breaks later in life (or osteoporosis).

4. Variety: If you're not ready for *total* body toning yet and want to work your way up to larger weights, dumbbells are great because they can be used for many different things. Machines allow for movement in one direction and are too heavy; they're also intended for building muscle rather than toning. You control where the dumbbells go, so you have more choice in how you want to use them to work out your body.

What are some of the other benefits of toning with dumbbells?

Celebrity parent Bradley Cooper is living a new life after welcoming his daughter. What are some ways parenthood can change you?

Cupid's Advice:

We all change to some degree after we become parents or are about to become parents. Here are some ways it can happen:

1. Saturdays: Remember when you used to love sleeping in late and then hoofed it straight to the coffee pot only to binge watch your favorite show? You might have even treated yourself to a donut instead of a full-blown breakfast. Those days are now a thing of the past with little ones, which are reserved for morning cartoons and whipping up a full morning meal.

2. You'll make decisions differently: Before kids you might have been able to make a decision on a whim. 3. You've never loved someone this much: You love your partner, but you love your child so much more. You'll do anything for them to make sure they are safe and happy, even if it means getting up at seven in the morning on a Saturday to watch cartoons with them instead of sleeping in. Or you'll play with them on the playground even if you keep running out of breath.

Celebrity Baby News: Jenna Bush Hagar Is Expecting Third Child

By [Mara Miller](#)

In the latest [celebrity baby](#) news, [celebrity couple](#) Jenna Bush Hagar and Henry Hager are expecting baby number three, according to *UsMagazine.com*. “I’m pregnant!” Bush said, as she revealed her happy news to her *Today* co-anchors on Monday, April 22. “I’m only telling because Mila and Poppy found out yesterday in their Easter baskets. They told the man behind me on the airplane, they told the people at church.” What happy news!

In celebrity baby news, Jenna Bush Hagar and her husband will soon be outnumbered. What are some ways to handle three kids versus two or one?

Cupid’s Advice:

Having three children is a lot of fun, as long as you don't forget that your partner is your partner. You'll both still need to take time for yourselves. Someone will always need you and your partner. And when they're older, they'll learn to rely on each other. Cupid has some tips:

1. Get that minivan: Having three kids means you need to be able to fit them all in the vehicle. This also means being able to fit everyone in the back with car seats. Having a larger vehicle will mean less stress when wrangling your little ones for a trip to the doctor or a family outing.

Related Link: [Celebrity Baby News: 'Bachelor' Alums Arie Luyendyk Jr. & Lauren Burnham Soak Up Sun on Bermuda Babymoon](#)

2. Keep a tighter budget: Three kids cost more than two, so you might want to start keeping a tighter budget. Even if your kids are younger now, they will all eventually be at an age where you'll need to buy three times as many school supplies, shampoo bottles (you will *fly* through shampoo, as silly as that sounds), and toys. And, do not underestimate the cost-savings of hand-me-downs.

3. Try not to put *too much* responsibility on the oldest: Your older children may want to help with their youngest sibling, but beware of putting *too much* responsibility on the oldest. Teaching them to change diapers or cook lunch in the microwave—if they're seven or older—will teach them responsibility earlier. Even if your oldest is five years old and the other two are still younger, it can be easy to fall into the, “watch your brothers” trap while you run to the bathroom. Don't forget to let your oldest be a kid, too!

Three kids can seem like a handful! What are some ways you would handle three kids versus one or two? Let us know in the comments below!

In celebrity couple news, it seems Bradley and Irina are still a solid couple after Lady Gaga rumors surfaced. What are some ways to strengthen the foundation of your relationship?

Cupid's Advice:

Sometimes rumors will spread about your relationship, but there are ways to keep it strong so the gossip doesn't destroy you. Cupid has some tips:

1. Practice love every day: Don't just use holidays like Valentines Day to show your love and appreciation for your partner. Little gifts before work in the morning, a drive through the countryside or spending the night together watching movies is a good way to practice loving each other because you're spending time together.

They both seem so excited to become celebrity parents!

Cupid's Advice:

For a lot of couples like Arie and Lauren, a babymoon is the last chance to have a romantic getaway before the baby comes. Cupid is an expert on this and came up with some ideas:

1. A nature-filled babymoon: There's just something about pregnancy that makes a mom-to-be feel connected to nature. Search for a local area where you can rent a cabin in the woods or take a road trip along the countryside. This is sure to give you both a chance to relax and enjoy the last few months you'll have together as a couple before the baby comes.

Travel Tips: Three Historical Colonial Towns You Need to Visit

By [Mara Miller](#)

It's time to take a step back in time and explore preserved colonial towns in the U.S. Though you can find groups of colonial homes built in the 16th and 17th centuries in both Alexandria, VA and Philadelphia, PA, there are some colonial towns are still mostly preserved with one-lane roads and homes that date back to original settlers. Consider taking our [travel advice](#) and visiting gems like this, which are located in the original 13 colonies.

Check out our travel tips for three close-to-original towns you may want to explore that were a part of the original colonies!

1. Strawberry Banke, NH: Strawberry Banke was one of the first settlements in America north of Massachusetts. In the 17th century, it was a safe-haven for those fleeing from religious prosecution. Later renamed Portsmouth, The Treaty of Portsmouth was signed in 1713. In 1774, Paul Revere took a ride—and although this one is much less famous than the one he made four months later, it is still pretty neat to realize how significant this settlement was during the American Revolution when colonists chose to separate from England. The settlement has been left relatively untouched, with Pitt Tavern, Stoodley's Tavern, and Sherburne House being the oldest buildings in Strawberry Banke.

2. Deerfield, MA: Deerfield is a town that time forgot by the 19th century. It was one of the earliest major inland settlements in New England, nestled between English, French, and native territory. The town was destroyed by a marauding army under the French in 1704. However, it was later rebuilt and eventually forgotten by the time of the American Revolution. Being a town that time forgot was a blessing, however, because it is nearly pristine to this day with highlights like the Hall Tavern (1760), and the Allen, Ashley, and Williams houses that were built in the 1730s. Some buildings are private residences, however, so keep that in mind when you visit!

3. Williamsburg, VA: Popularly called Colonial Williamsburg, it was founded as the village of Middle Plantation in 1632. It replaced Jamestown as the colonial capital by 1698. Williamsburg was the first town to be fully planned in America and the second to have a college. Today, it is seen as one of the world's largest living museums. You can interact with those who dress as they did in the 1700s and rent a room on-site at an inn or at one of the Colonial Houses and experience historic reenactments. It is generally considered one of the best living museums in America. (They even have a romantic getaway package!)

Celebrity News: Demi Moore to Reflect on Ashton Kutcher & Bruce Willis Marriages In Memoir

In [celebrity news](#), [Demi Moore](#) is set to release a “deeply candid and insightful” memoir titled *Inside Out* that reflects on her [celebrity marriages](#) to [celebrity exes](#) [Aston Kutcher](#) and Bruce Willis, according to Harper Collins. *UsMagazine.com* reports Moore was married to Willis from 1997 to 2000 and have three daughters, Rumer, Scout, and Tallulah. Kutcher and Moore were together from 2005-2011, with their celebrity divorce being finalized in 2013.

In celebrity news, Demi Moore will open up about her failed marriages in her memoir. What are some ways writing can help you cope with a break-up?

Cupid's Advice:

Demi Moore wrote an entire memoir after two of her marriages ended in divorce. While writing might not be your coping mechanism for a break-up (and it's a *really* good way to cope), here are some other ways to get through your relationship ending:

1. Talk about it: Get some coffee with a friend or go to a restaurant for lobster and steak to dish all about the break-up. It's not good to hold in emotions after a break-up and your friend is sure to be willing to listen to you vent! Use it as a chance to catch up with them too if you haven't seen each other in a while.

2. Practice self-care: It's time to put yourself first for a while. It is not selfish. You are putting your own well-being first for once. Get a mani-pedi, binge-watch your favorite show on Netflix, or eat an entire pizza by yourself. Or all do all three! You need to learn to care for yourself again.

3. Practice positivity: Try not to let yourself dwell on everything negative that happened in your relationship. If you don't want to think about it at all, that's okay. Start a gratitude journal and write about all of the good things happening in your life. Or, if you need to write about your relationship, write about the positives and the things you have learned that you can take with you when you are ready to start dating again.
