What are the advantages of keeping the sex of your unborn baby unknown?

Having a baby is always exciting, but a big decision every parent has to make is whether or not to find out the sex of the baby prior to the delivery. Cupid has some advantages to keeping the sex of your unborn baby unknown:

1. It’s a surprise: Take a tip from Maya Rudolph and Paul Thomas Anderson. Who doesn’t like a good surprise? Not knowing the sex of your unborn baby creates a sense of excitement and suspense prior to the big day, which makes the whole experience even more memorable.

2. No expectations: By not knowing the sex of the unborn baby, you won't know what to expect and therefore won't be planning out the child's entire future before he or she arrives. Having an open mind will allow you to see the baby in an unbiased way.

3. Keep your family and friends anxious: Keeping the sex a secret won't just make you anxious about the big day, but also your family and friends. What's better than seeing or hearing their reactions when you say 'It's a boy' or 'It's a girl'?

1. Go-to-girl: From helping to pick out the venue to deciding on invitation design, you have a bigger say in planning out the little details ... maybe even more than the groom-to-be! Choose wisely.

2. The maid's speech: At the reception, you're going to have to give a big, heartfelt speech. A tip: avoid drinking too much alcohol prior to the address.
