

Celebrity Couple Predictions: Sofia Vergara, Charlize Theron and Zac Efron

By [Shoshi](#)

For today's celebrity couple predictions, we're looking at one pair that caused speculation as merely a rebound, one that sparked initial doubt from the public but may turn out to be the real thing, and one that's still in the first stages but looks promising.

Sofia Vergara and Joe Manganiello: When Sofia Vergara was first spotted getting up close and personal with *True Blood* star Joe Manganiello, they were declared the hottest couple in Hollywood. Within minutes, Kimye got dethroned as the "It" couple and became yesterday's news.

These two actors make an interesting match. On paper, they're a ten – with their looks, money, charm, and success. However, their relationship doesn't look like it has lasting power. As a matter of fact, it looks more like a publicity move. This isn't to say that Vergara and Manganiello don't enjoy each other's company, but it benefits both of them to be seen together.

Vergara is not about to get serious with anyone. She is still getting over her relationship with her shady ex-fiancé. You know the saying: The best way to get over a man is to get under another one! Manganiello is the best kind of rebound guy – totally hot and a lot of fun.

For now, this couple is just enjoying some time together and making headlines. Don't expect a wedding invitation from them

anytime soon though.

Charlize Theron and Sean Penn: Could it be that bad boy Sean Penn has actually been calmed down by love? Throughout the years, the actor has made headlines for his turbulent relationships with Madonna and Robin Wright Penn. While he was married to Wright Penn for fourteen years, they separated numerous times, which eventually ended in divorce.

The first few times that Penn was spotted with Theron, it was hard to believe since she normally dates the clean cut type. Plus, she's a single mother, so what would she be doing with him? The media then assumed it would be a short-lived fling, but now, it looks like this couple is headed down the alter.

For the first time in years, Penn actually looks happy. He is smiling in pictures all of the time, something that was rarely seen before. There are even adorable photos of him with Theron's adopted son, Jackson.

It looks like the marriage rumors could be very valid. However, if they do wed, it will be an intimate ceremony in the fall. There will not be any big announcements, just the two of them with friends and family.

Zac Efron and Michelle Rodriguez: The first time the cameras caught Zac Efron and Michelle Rodriguez all over each other, they were making out on a yacht. The last known relationship that Rodriguez had was with model Cara Delevingne. At this point, there has not been a statement that Efron and Rodriguez are officially dating; however, the hot photos of them keep coming.

When I look at what is going on between this duo, their

attraction to each other is mutual respect and support. While the media keeps saying that it may be a bad idea for them to be together, she may be just the thing that the actor needs. If anyone can understand his drug addiction, it's Rodriguez, who has had issues with drugs herself.

For now, this relationship will stay low-profile, as it's one that Efron is not ready to share with the world. With Rodriguez, he gets to be exactly who he is without any pressure, which is exactly what he wants right now.
