Though they've not officially called it quits, a source close to the duo says that Dobrev has been quite busy with various projects, which has caused a rift in the relationship. While there hasn't been any explosive fights between or bad blood, sources are saying they are not as close as they had been earlier this year. We hope things work out for this celebrity couple!

Cupid's Advice:

Sometimes, life gets in the way and it's challenging to balance your professional life with your personal life. Check out some ways to manage your busy schedule, without feeling as though you're neglecting your relationship or your job:

1. Set boundaries: Make it a point to keep your work at work. When you constantly blur the lines between your relationship and your career, it's inevitable that one will take up more of your time. Being present with your partner without checking your phone for work updates when you're off the clock really means a lot! Set boundaries and make sure you keep yourself accountable.

2. Communicate: A strong relationship needs strong communication to survive. If you or your partner conceal your feelings of neglect, then it's likely an explosive argument will occur somewhere along the line. If you need to work late, and reschedule date night, make sure your partner knows you still care for them, and aren't choosing your job because you love it more than them!

3. Include them in your plans: If it's possible, you can try

merging your two worlds. This doesn't mean you have to find your partner a job at your workplace, but perhaps you two can form your own business together (given that you two mesh well on a professional level, that is!) Alternatively, invite your partner into your "work world," and bring them to social events outside of work. That way, they can meet the people you spend your working hours with, and they can get a first-hand look into another area of your life that is kind of unknown.

Celebrity Couple Predictions: Jordin Sparks, Nina Dobrev and Gwyneth Paltrow

By [Shoshi](#)

For today's column, let's take a look at three celebrity couples that keep the gossip mills churning – whether it's because of a potential engagement, a possible new love affair, or never-ending separation rumors.

Jordin Sparks and Jason DeRulo: Lately, all eyes have been on this couple, wondering when they're going to get engaged. DeRulo made the smoothest move ever on Valentine's Day by gifting his girlfriend with 10,000 orange roses. How in the heck is he going to top that? What also has people buzzing is that the sultry singer proposed to Sparks in his latest video for "Marry Me."

Calm down, and stop waiting for your wedding invitations. They're only 24 years old – why is everyone trying so hard to marry them off? They're still figuring it out. That's not to say that they haven't started talking about marriage; right now, it's out on the table and being discussed. The two of them are best friends, so it's looking really good.

DeRulo is still trying to decide how and when to propose. I

see it coming on a holiday or a birthday; New Year's Eve keeps popping up.

Nina Dobrev and Liam Hemsworth: Are these two Atlanta-based actors a new couple? They have recently been spotted on a date and sharing a few kisses.

If they do decide to pursue a relationship, don't look for this one to last a long time. No offense to Dobrev, but she's in a rebound situation after her split from longtime boyfriend (and *The Vampire Diaries* co-star) Ian Somerhalder.

Similarly, Hemsworth's energy is all over the place when it comes to his heart. Can you blame him? By the end of his relationship with Miley Cyrus, it had become a train wreck. He has a bit of healing to do. He isn't sure what he wants in a relationship, so he's just having a good time and looking to see who's out there. The *Hunger Games* actor has a few wild oats to sow before settling down again.

Related Link: [Find Out About Liam Hemsworth Post-Miley Hookup with Eliza Gonzalez](#)

Gwyneth Paltrow and Chris Martin: Oh, how the gossip is flying on the marriage of this longtime pair! Her reps have denied that she's having an affair with lawyer Jeff Soffer; there have been other names thrown around as well. The question remains is any of it true – and who knows? Only those people directly involved with the couple know the real deal.

When I look at the marriage of the actress and musician, it's in deep trouble – and not just because of affair rumors or because Martin may not be a happy camper living in Los Angeles. Long story short, the Coldplay frontman is bored to tears with their relationship, and he looks disconnected. If things don't turn around soon, look for a divorce

announcement. Martin is going to want to split, but Paltrow will make sure that it looks like she's the one who wants to end their marriage, as her image is very important to her. Martin will be fine with that as long as he gets to move on.

Nina Dobrev and Ian Somerhalder Joke About Awkward Breakup

By Brittany Stubbs

Despite the fact that Nina Dobrev and Ian Somerhalder ended their relationship, fans aren't ready to let go of their love...at least the love between their characters on *Vampire Diaries*, Elena Gilbert and Damon Salvatore. [UsMagazine.com](#) discusses how the costars, and real-life exes, won "Favorite Onscreen Chemistry" at the 40th Annual People's Choice Awards on Wednesday, Jan. 8. Taking the stage to accept their trophy, the duo joked about their history. "We started dating in real life," Somerhalder said. "And then we broke up in real life," Dobrev added. "And yet our characters are still dating on the show," he continued. "It's a good thing it's not awkward!" she joked, resulting in roars of laughter from the audience.

How do you continue your professional relationship post-breakup?

Cupid's Advice:

Breakups are always difficult and awkward to some extent, especially between two people that are forced to be around each other in the workplace. But despite what happened between the two of you, it's important to keep your history from interfering with your professional life:

1. Don't involve other people: Discussing the breakup with fellow co-workers or mutual friends should be avoided. This not only gets them involved in your business and often leads to gossip, but you will look unprofessional to them. If you value your current position and even aspire to move up, you need to make it clear your past-romance hasn't changed anything. Also, if your ex gets word that you're talking poorly about them or the relationship to other people, you're only adding tension to an already awkward situation.

Related: [Ian Somerhalder Hints at Reason Behind Breakup with Nina Dobrev](#)

2. Agree to leave the past in the past: Whether your breakup was completely amicable or there is still unresolved tension between the two of you, it's important that you both make an agreement to forget about your history while you're in the workplace. Being on the same page about this, meaning neither of you will be discussing, joking about, or reminiscing your past relationship, allows for you to both move forward professionally.

Related: [Nina Dobrev Admits to Fighting Feelings for Costar Ian Somerhalder](#)

3. Avoid playing games: Often times when a relationship ends but the couple is still running in the same circle, they'll get in the habit of playing games with one another. Whether this means harmlessly flirting with a mutual co-worker or friend to make an ex jealous, or pretending like the two of you are complete strangers, these games rarely end well for

either person. It's best to acknowledge your history and just move on, avoiding anything that might add tension or more hurt feelings down the road.

Nina Dobrev Admits to Fighting Feelings for Costar Ian Somerhalder

 By Erin Minty

The Vampire Diaries star Nina Dobrev is no stranger to being surrounded by hot men. And despite what she said in a *Seventeen Magazine* feature about never dating a costar, she ended up with one of the hottest as her boyfriend; 33-year old actor Ian Somerhalder. Dobrev tells [People](#), “I didn’t want to be dating one of my costars. My goal on the show was to be

professional. But sometimes you can't help who you have a connection with, and you can only fight it for so long – which I did for a really, really long time.” Despite their start as coworkers, Dobrev and Somerhalder have been together for awhile, and their relationship seems to be going strong.

Is it OK to date a coworker?

Cupid's Advice:

Inter-office dating can be complicated. Cupid has some advice on when dating a coworker will work:

1. If you have true feelings: Dating a coworker just because you are attracted to them is probably not a good idea. But when your relationship reaches a level of true feelings, you might want to give it a go. Just like Dobrev said, you can't fight your feelings, and it would be worse to wonder “what if” than to actually try.

2. Talk about it before: If you think there is a chance of a real relationship with a coworker, you should have a talk about what may or may not happen before starting a relationship. If you work so closely together that you spend every hour of every day together, things may get complicated at work. But if the two of you think you can keep your work life and dating life separate, then it may be worth the risk.

3. Gage your office: What kind of tone does your office give off? If it is very serious 100% of the time, dating coworkers may be a bad idea, because of the potential problems that could arise. If every relationship at work needs to be extremely professional, inter-office dating can become very tricky, and you would need to be very careful before jumping into a relationship.

'Vampire Diaries' Co-Stars Ian Somerhalder and Nina Dobrev Sneak PDA in Bel Air

✖ Ian Somerhalder and Nina Dobrev may have arrived separately and opted out of posing together on the red carpet when the actor hosted The Influence Affair, an environmental benefit, but that didn't mean the clandestine couple were going to stay apart for long. "They sat together at dinner and when Ian noticed Nina was shivering, he offered her his blazer to help keep her warm," an onlooker told [People](#). "There was no overt PDA, but there was a certain lovey way about how they looked at each other." What are some ways to subtly show your partner you care in public?

Cupid's Advice:

Okay, so maybe you and your mate are a bit on the discreet side, but that doesn't mean you have to act as though you don't know each other when you're out in public. Here are some subtle ways to delicately show affection to your lover when other eyes can see:

1. Hold hands: This is one of the most subtle and obvious ways to show everyone that you are holding onto one of the most important people in your life. It's intimate enough to show

your partner affection and declare your relationship status.

2. Hugging: Sure, it's a common way to show affection to anyone, but, you can't hug everyone like you would with your love.

3. Kissing: You don't have to have a full blown make-out session with your partner to show the world how you feel about each other. A simple kiss on the lips, cheek or forehead can say a lot.

'Vampire Diaries' Stars Ian Somerhalder and Nina Dobrev Pack on PDA

 Two vampires were seen in Paris walking in daylight Tuesday. According to UsMagazine.com, stars of the CW show *Vampire Diaries* Ian Somerhalder and Nina Dobrev held hands while walking around the streets of the city of love. Despite their vacation, the two have yet to come out and admit they're dating. "We expected the rumors. Like, if I wasn't dating Ian, I'd be dating Paul [Wesley]," Dobrev said in April's Teen Vogue. "A lot of people who work together end up dating, so it wouldn't be unusual, but I've never dated anyone I've worked with."

How do you make dating a coworker less risky?

Cupid's Advice:

Dating someone you work with is tricky to handle. Think of Jim and Pam from *The Office*, as they're a great example of the ideal way to handle yourself in the workplace with your partner. Cupid has a few things to keep in mind:

1. On the same level: Things can get messy if one of you is a superior or a manager. Not only does it give a bad image to others, but if you break up, it might be the ugliest one you've ever experienced.

2. Separation helps: Your interoffice relationship goes a lot smoother if you're in different departments. You'll be away from each other for most of the day, and it'll give you a little more to talk about when discussing work.

3. Say 'No' to PDA at work: It makes coworkers feel uncomfortable and is an HR seminar waiting to happen. Keep it at casual flirting and no real physical contact while on the clock.
