How do you overcome past drama to make a relationship work?

Cupid's Advice:

When bad things happen, it can be hard to start over and move on without people around you reminding you of your past mistakes. Even your romantic relationship can take a hit. Cupid has some tips:

1. Therapy: Sometimes the best way to get over past drama is to talk it out with a licensed therapist. You can't expect to have a healthy romantic relationship until you're healed inside.

2. Ignore public scrutiny: This is sometimes easier said than

done, but it's important that both you and your partner successfully ignore the gossip going on around you. If you let it get to either of you, it'll damage your relationship.

3. Move on: Don't live in the past. If you often think about the drama that happened years ago, and it affects your day-to-day life, that's not healthy. You can't truly enjoy your relationship until you leave the past in the past.

How do you overcome cheating in your relationship?

Cupid's Advice:

It can be difficult to surpass unfaithfulness in a relationship, but it's not impossible. Cupid has some suggestions:

1. Couples counseling: The most important thing you can do is hire a third party to listen to you air your grievances. A counselor will keep you "in check" so to speak, and you'll have a safe place to share all of your feelings with your partner in order to potentially work them out.

2. Open communication: Instead of cowering away from each other, keep the lines of communication completely clear and in the open. Be brutally honest about everything in order to avoid any further suspicion.

3. Time: If you're truly dedicated to your relationship, it's going to take time to overcome the break in trust that cheating creates. The best thing you can do is to stick with it, and work at it.
