There may have been a celebrity break-up in Hollywood, but we're not quite sure. What are some reasons to avoid being wishy washy about your relationship?

Cupid's Advice:

Not knowing what you want or where you want to be in your relationship can cause a lot of issues within yourself and your relationship. Here are a few more reasons to avoid being wishy washy in your relationship:

1. It can be confusing: If you are on the fence about your relationship, your partner could easily get confused. If there are at a certain level in the relationship that you're not at yet, they may not understand what is going on. They may begin to wonder if you are as committed as they are or if you really want to be with them. It is best to make up your mind about them and communicate it clearly.

2. Feelings are at risk: If your partner feels that you both are on the same page when it comes to your romance but you are really several steps behind them, their entire world will apart when they figure it out. When you are wishy washy about your relationship, you are easily leading on your partner unless you make it clear that you are unsure. This way, they will not be blind sided by your feelings and they can adjust their expectations in the relationship.

3. You might settle: Sometimes, when we are unsure about something, we settle with what we have instead of making a hard choice. If this happens in a relationship, you will regret always. Instead of being comfortable with your indifference, make the decision. If you think that this relationship is the one you want, go for it. If you can't see yourself with your partner in the future, end it now.
