According to [UsMagazine.com](https://www.usmagazine.com), the couple welcomed a new baby girl into their world over the weekend in London. The *G.I. Joe* star and her future husband kept quiet about her pregnancy up until April, just two months after publicly acknowledging their engagement. The talented acting duo has been dating for over a year.

What are some reasons to keep your pregnancy quiet at first?

Cupid's Advice:

Pregnancy is a beautiful, exciting thing for everyone involved, but it can also be very complicated. Here are some reasons to remain silent about your baby news for a little while longer:

- 1. Check with doctor:** Home pregnancy tests are not always accurate. Before you spread the word, book an appointment with your doctor to be sure the test you used didn't mislead you.
- 2. Tell family first:** Avoid telling associates about this

relationship step right away. Your family and close friends won't want to find out such big news from others, so be sure to let them know first.

3. Guarantee your baby is healthy: Ensure there are no complications with your pregnancy before spreading the news. If a complication occurs, it will make your experience even harder if you have to explain it to others.

What are some ways to act on a longtime crush?

Cupid’s Advice:

It’s not easy acting on a longtime crush, but how are they supposed to know you feel that way about them if you don’t tell them? You need to be a little forward in order to get a straight answer on whether you have a chance or not. Here are some ways to act on a crush:

1. Reach out: They can’t know you like them if you don’t give

them some sort of hint. Start asking them to hangout with you more often, and feel out their reaction to see how to approach the situation next.

2. Be upfront: If you have been hanging out with your crush for a while now, just ask them what they think about you two being together. If you don't make it a big deal it won't be so uncomfortable. In fact, it'll be refreshing to get it off your chest.

3. Make a move: One night when you are out with a group of friends and your crush is there, lead him or her to the bar alone or ask them to go dance. Step out of the friend zone.

Are there ways to make forgiving a partner easier?

Cupid’s Advice:

Forgiving your partner can be a tough task, especially when they’ve tested your trust. Cupid has some tips for easing the process:

1. Remember the kids: If it’s your spouse that has been disloyal, sometimes you should consider taking the road

Rosetta has taken and stay together for your family. It can be more important to stay strong for the sake of children involved than to allow your hurt emotions to take control.

2. Think about the commitment: When it comes time to forgive, it's important to assess how committed you are to your beau. If in the end you are truly still in love with him, then working it out might be worth a shot.

3. Be selfish: When deciding whether to forgive someone who has betrayed your trust, it's important to still put yourself first. Decide what's best for you, and what will make you happiest. If forgiving your mate will take away from your happiness, maybe it's time to move on.
