

Dating Advice: 3 Ways To Be Irresistible To a Man

On this week's episode of Single in Stilettos, founder and matchmaker Suzanne Oshima talks to relationship expert Cyndi Olin to offer their best [dating advice](#) on how to attract a man. Learn how you can become irresistible to a man and great ways to improve your love life with the following dating tips!

Dating Advice That Will Make You Desirable!

1. Be happy. Learn how to smile! Nobody wants to be around a "Debbie Downer." Don't let sadness get in the way of your dating life. Men like happy women, they want to be a part of

positive energy and make a woman happier. At least a man that desires a healthy relationship will want to do these things.

2. Be confident. Men love seeing an independent and confident woman. You don't need to be a damsel in distress all the time, it's not really sexy and can actually be scary- which will ultimately repel a man. The women that have a good head on their shoulders are the ones who attract quality men.

3. Be present. Stay "in the moment" when you're on a date. Don't daydream about a future that doesn't exist. Be attentive and engaging. Also try to avoid thinking of the past, it's a sure way to sabotage a good moment. It's also a good idea to put your cell phone away. Being present automatically makes you irresistible to a man.

On this week's episode of Single in Stilettos, founder and matchmaker Suzanne Oshima talks to relationship expert Jaki Sabourin to offer their best [dating advice](#) for those trying to find love. Learn how you can improve your relationships by "manifesting a man" with the following dating tips!

Dating Advice That Will Help You Find A Man!

1. Find clarity. You need to address what you want and why. By evaluating your needs and wants, you'll be able to narrow down your list of potential partners. You don't want to waste time or send mixed messages while you're dating. A great way to clarify your desires is by cultivating those traits in yourself, which will in turn attract and manifest in a man.

2. Thoughts, words and deeds (a creation trilogy). The best

way to find a quality man is by having a positive attitude. You need to be consistent in your thinking, wording and actions. If you have doubt or tell your friends that there's "no good men out there" while you're dating, that is just setting yourself up for disaster. By making sure everything you do is in alignment, you'll attract a great man.

3. Commit. Don't give up if things aren't going according to plan. Love doesn't happen overnight. You need to put in the time and effort to find someone, especially if you're trying your hand at online dating. Checking out of the process simply because you're upset is a terrible thing to do. Give yourself a year at least to improve your dating skills. You need to evolve in order to find a man worthy of manifesting.

Dating Advice That Will Help You Find Love Online

1. Go offline. Screen your potential date, especially if it's someone you've met online. Make a point to communicate with them offline, either through phone call, video chat, or text. From the conversations you have, evaluate whether it's a good idea to meet this person face-to-face.

2. Be polite. Make a graceful exit if you're having a bad date. You don't really know this person or what they're capable of, so don't make a scene. Just quietly run for the hills. You also want to be polite because you wouldn't

appreciate it if someone was rude to you after a poor date. Be candid, don't waste their time.

3. Say something. If you're upset or uncomfortable with something that is going on during a date, bring it to their attention. If they don't respect what you have to say, it's okay to remove yourself from the situation.

Dating Advice That Will Help You Find Love Online

1. Appearances, duh. This shouldn't be a surprise to anyone, but appearances matter when it comes to attracting a man. You don't have to look like a super model, just look your best when you go out. When you're put together, men will notice and gravitate towards you more. Don't stress yourself out too much.

Dating Advice: Best Online Dating Tips From a Dating Strategist

On this week's episode of Single in Stilettos, founder and matchmaker Suzanne Oshima talks to relationship expert and dating strategist Damona Hoffman to offer their best [dating advice](#) for those looking for love online. Learn how you can improve your chances at finding love with the following dating tips!

Dating Advice That Will Help You Find Love Online

1. Communicate before meeting. Go beyond the instant messaging systems on dating websites. Make moves for conversations over the phone or through text. This gives a better sense of who you're talking to so you don't paint a picture of somebody that doesn't exist. Romance doesn't start online, it happens in person.

2. Tell the truth. Be honest with how you present yourself.

Don't dabble in false advertisements. It's a disappointment to those you meet in person if you don't meet their expectations. It's also a bad idea to lie about your age online. If you're not being contacted online for dates, then be more proactive and send out messages of your own.

Related Link: [Dating Advice: Best Online Dating Photo Tips](#)

3. Be more inclusive. When searching online, it's easy to narrow down the qualities you want- so your dating pool ends up being very small. Lighten up on your criteria and be open to meeting people who don't match your list completely. It's more important that you find someone who shares your values and beliefs.

Learn how you can improve your chances at finding love with the following dating tips!

Dating Advice That Will Help You Find Your "One"

1. Pay attention. Look at the people around you. Don't rely on dating apps to find someone, it distracts you from people you see in your daily life. Pay attention and observe the relationships around you- you never know who is nearby checking you out. Sometimes your lover is the guy you kept in your friends circle.

Learn how to live up to your New Year's weight loss resolutions and keep the pounds off with the following dating tips!

Dating Advice That Will Help You Achieve Your Weight Loss Goals

1. Get clear. Don't just say you want to lose weight and never mention it again. You need to be clear about what exactly you want and how you'll feel when you achieve your goal. If you can visualize what it would be like when you've lost the weight, then you're in a good mindset to pursue your actual weight loss journey. Start from a place of success instead of making it a daunting task.

2. Create a strategy. Stay away from the word “try,” you need to say you’ll “do”- and create a plan accordingly. In business, people create a clear plan and support system, and they need to implement the same for their weight loss goals. You won’t be able to shed the pounds if you don’t have any structure. Consistency is key! It’s the only way you’ll get your dream body after all.

3. Make it your lifestyle. The best way to lose weight and keep it off is to turn your diet and workout routine into a lifestyle. 2. If you have to initiate contact. It's very uncommon for a man who is interested in a woman to not reach out. So if he

Learn how to effectively get your message across without words in the following dating tips.

Dating Advice For Those Who Want To Communicate With Their Body

1. First impressions are key. A first impression is important because it helps people determine whether or not they can trust you. So the first few minutes you spend with someone are crucial! A good first impression starts with openness and vulnerability, so don't obstruct your torso with crossed arms or excessive clothing, or else it will look like you have something to hide. Another great way to show vulnerability is by exposing your neck while you're interacting. In other words, leave the scarf at home!

First Impression

2. Be aware of your voice. Take note of how you sound when you speak. The pitch of your voice can either be helpful or detrimental when you're trying to date. A deeper voice is often seen as more confident, whereas a higher pitched voice can be interpreted as "weak" or "needy." If you struggle with your pitch, voice lessons might be beneficial. But of course, keep in mind that all people have their preferences. You don't have to change your voice if you don't want to, just find someone who appreciates that quality.

3. Look at other people's body language. Not only should you be aware of your own body language, but you should keep an eye out for other people's as well. Is the person you're with leaning in? Are they making eye contact? Are their feet facing towards you or are they pointed at the door like they want to make a run for it? These are all things you should look out for in order to have a successful date.

Dating Advice On What Men Want In A Woman

1. Attraction: Men are visual creatures, so first and foremost a man wants to be attracted to you physically. Remember that each man appreciates different features in women, so don't worry about looking like a perfect model figure. If you look healthy and upkeep yourself, a man somewhere will appreciate it.

your man gets into his masculine, you should allow yourself to get in touch with your feminine energy. Men don't want to compete with their potential mates.

Dating Advice On Not Following The Rules

1. Don't strategize intimacy. You shouldn't worry too much about when is the right time to have sex. There is no right time, except for when you are both ready to take it to that level. Men in particular aren't interested in women who will hold out on intimacy in a strategic way.

2. Take control of your dating life. Be available if you're interested in a man. You don't necessarily have to pursue, but take the opportunity to drop a hint that you're open to

dating. This will allow you to have control instead of relying on men to make the first move.
