What are some reasons to adopt a baby?

Cupid’s Advice:

Adopting a baby can be just as rewarding as giving birth to a baby of your own. Here are a few reasons to adopt a child:

1. You can’t have children of your own: No matter how hard you try, it’s very possible that you may never get pregnant. If you are having difficulty having children of your own, contact an adoption agent.

2. You don't want to wait for marriage: Many women want to become mothers, even if they aren't married or in a serious relationship. Single mothers are becoming more and more common, so adopting a child may be easier than you think.

3. Do a good deed: There are many children in the world without a home, especially in countries like Russia, where orphanages have to turn away children once they turn 16. Visit an orphanage or contact an adoption agent to adopt a baby that is in need of a home.

What are the best ways to handle a break-up?

Cupid's Advice:

Everyone responds differently when a relationship ends, but there are some things to consider. Cupid's got some answers.

1. Patience is a virtue: Although there's no scientific method to determine the "mourning period," rushing into another relationship can be a quick fix, but in the end is more damaging.

2. Soul-searching: Take the "mourning period" to focus on yourself; evaluate your past relationship and find out what

you've learned and what you can do differently when you are once again ready to date.

3. Closure is crucial: Whether it's getting your favorite shirt back or keeping distance for a long time, it's important to close the door on your relationship. Nobody wants to date someone else while they are thinking of a past lover.
