In celebrity news, Taylor Swift gave fans rare insight into her relationship with boyfriend Joe Alwyn. What are some reasons to keep details about your relationship to yourself?

Cupid's Advice:

There is nothing wrong with wanting to keep some of the details about your relationship to yourself, whether it one that is relatively new or one you've been in for years. If you are looking for some reasons to keep details about your relationship to yourself, Cupid has some advice for you:

1. Past traumas: If you've experienced some kind of public fallout from a break-up in the past, you may want to keep your future relationships more private. Sharing too much of your new relationship with the public could cause you to fear the same result if things end, which can add unnecessary stress to your current situation. Keeping this quiet and revealing selective details is a great alternative to sharing everything if you don't want to!

2. Work-life separation: If you have a relatively public career, you may desire to keep other aspects of your life private, such as your relationships. Having a private relationship while working in the public eyes is a great way of ensuring you don't feel like the public knows everything about your life, and takes the pressure off your partner if they are not used to their lives being incredibly public.

3. Value privacy: Some people simply value their privacy and do not want everyone else knowing the details of their relationship. Celebrity News: Ed Sheeran Breaks Silence on Taylor Swift's Scooter Braun Drama

By [Bonnie Griffin](#)

In the latest [celebrity news](#), Grammy winner [Ed Sheeran](#) finally broke his silence on the drama between [Taylor Swift](#) and Scooter Braun. Sheeran, a known friend of Swift, had been receiving backlash from fans online for not openly sharing his support of Swift after the singer/songwriter called out Braun for buying out her master lists when he purchased Big Machine Lable Group. According to *UsMagazine.com*, Sheeran finally opened up on Instagram responding to one fan's comment saying, "I have been speaking directly to her, like I always do." Sheeran may not have openly gone to the internet to say he was taking Swift's side, but he made it clear he's been there for her in person and that is what's important in a friendship.

In celebrity news, Ed Sheeran finally spoke out about the drama

happening between Taylor Swift and Scooter Braun. What are some ways to support your partner through dramatic situations?

Cupid's Advice:

No matter how hard we try, life sometimes comes with drama. When that happens, we need our friends and our partner to be by our side, be a shoulder for us to lean on. Sometimes it can be hard to know the best way to support the people we care about when they are upset and drama is surrounding them. Cupid has some advice to support your partner when drama comes their way:

1. Listen: Sometimes when drama comes into your partner's life they just need someone who is willing to listen. Maybe they need to vent to get out their frustrations, or they need to cry on someone's shoulder. Whatever they need to say, or how they need to get their frustration off their chest just listen and let them vent. In the end, just listening can be the thing they needed most.

2. Support them, but don't add to the drama: The hardest thing to do can often be to do little or nothing at all. Instinctively you might want to jump in the middle and protect your partner from those lashing out at them, but it's important to think before you dive into the fold. Often times, if ignored, the people bringing the drama will get tired and move on, so jumping in can cause the drama to escalate and make a stressful situation worse for your partner and yourself.

3. Talk to your partner: Before you jump in to defend them, talk to your partner and ask them what they need from you. How can you help? They may want you to defend them, or they may want you to whisk them away and take their minds off the drama that has them upset.

What are some ways you would help your partner when they are pulled into drama? Let us know your thoughts in the comments below.

Product Review: MBTBUDS Wireless Bluetooth Earbuds for the Beach!

By [Mara Miller](#)

Summertime is here, and that means...THE BEACH! We all have essentials we need when packing for a summer getaway like towels, bathing suits, snacks, and shoes. Tiny [travel tip](#): if

you're even *slightly* attached to your phone, you'll want it next to you while you soak up the sun and the fresh sea air. While some phones have waterproofing, who would want to risk getting their expensive piece of tech caught in a tide? And, let's not even mention the havoc seawater could wreak on your laptop's delicate internals if you want to enjoy the latest [Taylor Swift](#) or [Katy Perry](#) singles.

Wireless earbuds are a great option when you need a getaway to the beach. In this product review, check out the McAlley Wireless Earbuds so you can safely keep your tech tucked away from the water.

These Bluetooth earbuds are unique because they are magnetized. They sit together around your neck like a necklace so you can take a jog on the beach or play volleyball without worrying about losing them. They are turned off when they're magnetized. When un-magnetized, the earbuds turn on.

Related Link: [Product Review: My Ever Map](#)

You might need to give the earbuds a few seconds to pair with your device before you can use them. This is normal for any Bluetooth device, so be patient. They're lightweight and won't weigh you down like heavier wireless over-the-ear headphones, which might not fare as well at the beach.

Even better: these wireless earbuds are water resistant. You might not be able to go into the ocean with them, but you can at least enjoy digging your toes into the wet sand while waves splash over your feet. In everyday use, during either your commute to work or jogging, they will also resist water if it

rains.

Celebrity Couple News: Joe Alwyn Says, 'I Know What I Feel' About Girlfriend Taylor Swift

By [Ivana Jarmon](#)

Joe Alwyn recently opened up about his relationship with [Taylor Swift](#). In [celebrity news](#), Alwyn got candid in *Esquire*

about Swift. When asked about navigating the public's curiosity about his romance with the singer, he said, "I didn't seek out advice on that because I know what I feel about it. In celebrity couple news, Joe Alwyn explains that he never got advice on how to date in the public eye. What are some things to keep in mind about privacy in your relationship?

Cupid's Advice:

In any relationship, you and your partner should always discuss what things you both feel are private in your relationship. Cupid has some things to keep in mind about privacy in your relationship:

1. Social media: If you open up on social media about your current relationship, exes that you're still friends with may see what you're doing and may try causing drama in your life. Revealing too much about your relationship can leave you open and exposed to the antics of a rejected ex.

2. Everyone won't be happy for you: Your relationship may bring you haters. Not everyone will rejoice in the sight of your union, which will leave you and your partner open to

critics. The fewer people who know about your private life, the less feedback you'll have to deal with.

Related Link: [Celebrity Exes Brad Pitt & Angelina Jolie Reach Child Custody Agreement](#)

3. Added pressure on your relationship: By putting your relationship out in the open, you give people permission to idolize your relationship. Sharing your every move in your private life can put your relationship in a position to be the prototype of what real love is. This can convince people that they want what you have solely based on what they have seen. This can put a lot of pressure on you and your relationship. You may want to go above and beyond the expectations for your followers, which makes it easy to lose sight of what's really important, building an unbreakable bond with your significant other.

Celebrity News: Taylor Swift's Ex Turned Her Into 'Quasimodo,' According to BFF Todrick Hall

By [Karley Kemble](#)

[Taylor Swift](#) is infamous for being dramatic about her exes. If 2017 has shown us anything, it's that Swift is tired of being defined by the media. From winning a defining court case as a victim of sexual assault, to releasing her sixth album, Swift's past reputation is slowly, but surely being forgotten. In the latest [celebrity news](#), one of Swift's closest friend Todrick Hall has revealed some vulnerable details about her most recent [celebrity ex](#), reports [EOnline.com](#). According to Hall, Swift would "hunch over" at the mere mention of her ex's name – so he edited a photo of her to look like Quasimodo and told her, "You cannot turn into Quasimodo for this guy. Every time you say his name, you hunch over." Though her most recent relationship ended with a break-up, Hall said that his bestie is happier than ever with her current beau, Joe Alwyn.

In celebrity news, even Taylor Swift fell victim to an unhealthy relationship. What are some ways to know you're in an unhealthy relationship?

Cupid's Advice:

Unhealthy relationships are emotionally draining, and it's best to end them before things worsen. If you think you might be in an unhealthy relationship, read these tips from Cupid:

1. They're too attached: Sure, it's normal to be a little clingy to your partner, but there is a line that must be drawn. Make sure you are aware of the differences between healthy attachment and emotional manipulation. Phrases like "I'll die if you ever break up with me" should never be taken lightly. Emotional manipulation is never, ever okay.

2. They constantly blame you: If your partner finds a way to spin every argument or disagreement you have and makes *you* feel like the bad guy, that is a telling sign of an unhealthy relationship. You are entitled to your feelings and opinions, and your partner should never invalidate you for being too sensitive or for overreacting. Beware of this if it arises.

3. You're changing for the wrong reasons: You and your partner should bring out the best in each other. Any changes you make in your life should always be because *you* want to – not because you think it's what your partner would want for you. It's cliché, but staying true to your core values is

important, and you should never lose sight of that!

Cupid's Advice:

Regardless if you have been with your partner for a matter of months or many years, it's important to keep the spark alive! If you're looking for different ideas to reignite the romance, Cupid has some tips for you:

1. Surprise each other: Never underestimate the power of a random surprise. Leave a cute note in the pocket of their jeans or in the glove box of their car. The more seemingly random your hiding spot is, the bigger the surprise will be!

2. Embrace spontaneity: We are creatures of habit, and it's easy to feel attached to routine. Your relationship should never feel like a chore! Instead of doing the same thing you always do, say "yes" to new experiences. Do something together

that is totally out of your comfort zones because it will bring you two closer together. Spontaneity almost always leads to memorable moments, too!

Relationship Advice: Getting Over a Grudge

By Dr. Jane Greer

In [celebrity news](#), social media is going crazy after pop star [Taylor Swift](#) decided to release her entire back catalog of music on all streaming services on the same day that [Katy Perry](#) released her new album, *Witness*. It was especially big news because Taylor had previously pulled her songs from Spotify in 2014. Some fans took it to be an intentional act, possibly to take the attention away from Katy on that important day. At the very least, the timing was interesting since Katy has publicly discussed her feud with Taylor multiple times in the last few weeks while promoting her new record. This is the perfect example of two people holding onto

a grudge and resentment for a long time.

For Taylor and Katy, the grudge seems to be born out of creative competition that went on between them, but grudges can be kept over almost anything. Check out this [relationship advice](#):

Usually at a grudge's core is both people believing that they were wronged by the other person, and feeling justified in their anger, entitled to an apology, and basically hurt by the other person putting their own interest and needs ahead of the friendship. Very often, the pain that the betrayal causes can run so deep that people easily become consumed in their desire for retaliation and/or revenge. When this happens, the goal is to make the other person suffer and pay for the pain they put you through.

Related Link: [Celebrity Break-Ups: Taylor Swift's Ex Calvin Harris is Collaborating with Her Nemesis Katy Perry](#)

In my book *How Could You Do This To Me?: Learning To Trust After Betrayal*, my chapter "I'll Make You Pay" speaks to the nature of revenge and the toll it takes. When you lock into getting back at the other person, it keeps you connected to that person in a negative way. It is one thing to feel resentful over something a friend has done and decide to end the friendship and not have anything more to do with that person. It is another thing entirely to get mad and end the relationship, but stay connected by way of your anger. It also can be difficult for the people around you who may be drawn into the controversy as they are asked to choose sides, or

worry about offending you by wanting to still be involved with the person you are feuding against. Too often there is collateral damage.

Related Link: [Celebrity News: Diplo Fires Back After Katy Perry Knocks His Bedroom Skills](#)

The question becomes, how do you end a grudge when you feel you have been betrayed? It isn't easy to let go when you believe you have been wronged, but here are a few things to keep in mind as you attempt to do just that. The first step is realizing that if you are in this situation it is like giving bad energy free rent in your mind which could be used for more productive things. If you keep the flame of anger burning you will have less available fuel for engaging in activities and doing things that could actually make you feel good. Recognizing this can help you choose to let go of all these vindictive thoughts so you can begin to shift your focus to what you can do for yourself, something you can control, and away from focusing on what you hope might happen to the other person, which you can't control.

Related Link: [Relationship Advice: Does Time Apart Heal Betrayal?](#)

Another option is to deal directly with the person you have a grudge against. If you do go this route, it is important to give up the notion that you are in the right and the other is in the wrong, and that you deserve an apology. Instead, recognize that both of you are dealing with a misunderstanding, and tackle it like a team. Consider saying to the other person that obviously you both have hurt feelings, and that you are sorry for what happened and you hope that is mutual. If you try to get into your view versus theirs, it is likely that tempers might flare and you might end up being accusatory and have a difficult time problem solving. If that should occur, the only choice might be to agree to disagree, and accept that you may never get to the

bottom of it, but concur that the relationship matters more and you are willing to put the disagreement behind you. At that point, you can talk about how to put guidelines in place so you can check things out with each other and be more considerate, so hopefully you can avoid altercations in the future.

Perhaps Katy and Taylor are on the brink of letting go of their grudge, and time will tell.

Celebrity Couple News: Find Out More About Taylor Swift and Joe Alwyn's Undercover Romance

By Melissa Lee

Even after EOnline.com learned about their [celebrity relationship](#) in May, [celebrity couple Taylor Swift](#) and Joe Alwyn have continued to keep their relationship on the down low. The pair have been quite secretive about their visits, especially after Swift's extremely public past relationships. Swift has reportedly been in London with Alwyn, a 26-year-old British film and theater actor, over the past few weeks.

This new celebrity couple is definitely keeping things under wraps. What are some benefits to keep your relationship on the down-low at first?

Cupid's Advice:

New relationships can be super fun, but sometimes it's nicer to keep those moments private. Cupid has some advice on why it can be beneficial to stay quiet at first:

1. There's minimal pressure: When you keep your relationship private for a bit, pressures from your friends and family won't be as common. Your mom won't be constantly asking when she can meet your partner, and sometimes those low-key nights in seem a bit more fun than going out with all of their friends!

2. Say goodbye to negativity: By posting about your relationship on social media, everyone will see your new significant other – and let's face it, not everybody will be happy for you. When your relationship is on the down-low, you don't have to worry about people's negative comments bringing you down.

3. Oversharing won't be a problem: Relationships are usually only meant for the two people involved. If your relationship becomes public after constantly posting about it, oversharing can become a fast issue. Special dates or moments may get

ruined after you share it with all 500 of your “closest friends”.

What are some of your reasons to keeping your relationship quiet at first? Share your thoughts below.
