Do you have trust issues? Here are some tips on how to be more trustworthy so that love can enter your life more freely.

In *The Lucky One*, Beth does not immediately trust Logan when he shows up on her doorstep. But the story develops in a way that she learns to trust him. This reflects how a lot of people live their lives, except they fail to let their guard down for someone who could be very special. Here are some tips on how not to do that.

1. Don't judge them right away. There is a lot under the surface of a person, but sometimes when we first see someone all we perceive is the surface. Try to be open minded and give them a legitimate person if they had the courage to personally seek you out.

2. Listen to your friends. Sometimes our friends have better insights into our own lives than we do. If they think someone is right for you then perhaps you should give it a try.

3. Trust yourself. Do you keep making excuses for why it wouldn't work? That usually means you are scared. Let them in and give this thing a shot. You never know until you at least try. If any part of you wants to try it, then it is worth it.
