## **Cupid's Advice:**

Every relationship has problems, its normal. When you and your partner are having issues in your relationship it is better to face them than ignore them, but what's the best way to go about it? Cupid has some advice on ways to confront issues in your relationship.

**1.Practice Beforehand:** Before you confront your significant with your relationship woes, take the time to prepare what you are going to say, open with, end with, etc. Practicing on what you're going to say can help calm your nerves and help you focus on what exactly you want to discuss. Make sure you remember the purpose of your confrontation and that you're trying to resolve your issues not create new ones.

**2.Make private time to talk:** Take the time to sit down in private and discuss all the relationship problems you may be having with your lovebird. The issues you are having with your partner won't resolve themselves, which is why you both have to schedule a time to talk with each other. Also, be willing to listen to your lovers' side and then sit and think on it before making any rash decisions.

**3. Make a list or write out your thoughts:** Sometimes talking isn't enough, so why not write a letter of your feelings to your sweetheart. If that is not something you're good at you can still write out a list of the issues in your relationship to help prepare you for your 'talk'. Writing is a good form of expression and writing could help you face your issues.
