Dating Advice: What Do Men Want from Women?

Learn what attributes are most desirable with these three dating tips. Follow this advice if you want to start having success on your future dates!

Dating Advice On What Men Want In A Woman

1. Attraction: Men are visual creatures, so first and foremost

a man wants to be attracted to you physically. Remember that each man appreciates different features in women, so don't worry about looking like a perfect model figure. If you look healthy and upkeep yourself, a man somewhere will appreciate it.

2. Let him be a man: You need to allow your man to feel masculine and powerful like he's your personal hero. While your man gets into his masculine, you should allow yourself to get in touch with your feminine energy. Men don't want to compete with their potential mates.

Dating Advice: Don't Be a Rules Girl!

Forget all that you thought you knew, and follow these three dating tips if you want to start having success on your dates!

Dating Advice On Not Following The Rules

1. Don't strategize intimacy. You shouldn't worry too much about when is the right time to have sex. There is no right time, except for when you are both ready to take it to that level. Men in particular aren't interested in women who will hold out on intimacy in a strategic way.

2. Take control of your dating life. Be available if you're interested in a man. You don't necessarily have to pursue, but take the opportunity to drop a hint that you're open to dating. This will allow you to have control instead of relying on men to make the first move.

3. Make the time. It's alright if you want to give chase, but don't be too unavailable. You need to make time in your schedule for potential dates. If you're too busy and keep rejecting a man, he'll most likely move on to someone else. Try to pencil him in within two weeks.

Dating Advice On Finding True Love

1. Putting the past in the future. Using criteria from your past in your future is a sure way to sabotage new relationships. 2. Try to be happy. Just like in the movies, the main character always falls in love when they're happy and having a good day. If you're open to being happy more often, you'll

open yourself to men and invite them in with your positive energy.

Follow these dating tips if you want to start having success on your dates.

Dating Advice On Sleeping With A New Man

1. Do what is right for you. There is no real timeframe that is right for everyone. You need to come to terms with yourself and find out when the right time is for you. If you're looking for a serious relationship, you may not want to sleep with a new man too soon. A man who truly cares about you will try to get to know you before taking you to the bedroom.

Related Link: [Dating Advice: How To Be Sexy On Date Night](#)

2. Try the 10-date rule. You'll be able weed out the men who only want to have sex after the third and fourth date. The likelihood of sleeping together increases somewhere between

the sixth and tenth date. This is a great option for those who are looking for someone that legitimately like them. The ten dates should occur somewhere between 6-weeks if it's not a long-distance relationship.

3. Don't be jaded. Negativity and cynical attitudes sabotage a lot of relationships. Don't assume all men are bad. The experts dating advice is to be open to love and realistic with your expectations. Many women say they need a commitment before having sex, but you need to define what commitment means to you and go forward with your relationships accordingly.

Kate Beckinsale Talks Victorian-Era Dating Advice

By [Dena Linzer](#)

The rules of dating are those unwritten do's and don'ts that women are supposed to follow within the dating scene. It's the dating advice told to us by our mothers, our friends, and the media. "Don't wear dark lipstick on the first date," "offer to pay the check," "Don't seem intimidating" to name a few. Not that we actually follow these rules, but we still hear them nonetheless. We thought they were bad *today*, but imagine what women in the 1800s went through just to have a conversation with a guy. Kate Beckinsale, star of the new film *Love & Friendship* based on a Jane Austen novella, reads and reacts to Victorian-era dating advice with the help of a gentleman straight out of the 1800s. You might want to steer clear of these dating tips and tricks for your next date night.

The video is now live on VanityFair.com and *Vanity Fair's* channel on [THE SCENE](#), the video platform from Condé Nast Entertainment.

Love & Friendship, written and directed by Walt Stillman, hits theatres tomorrow.
