afraid to flirt. It makes a man feel good and shows him it's okay to approach you in that way. Just think of how flattered you are when someone flirts with you. Return the favor and flirt with a man you're truly interested in. If you don't make the move, someone else will.

2. Sexuality. A man is attracted to someone who is confident in their sexuality. The woman who can exude her sensuality is sure to turn a man on. Learn how to win over the man of your dreams and keep him interested with the following dating tips!

Dating Advice That Will Help You

Figure Out When To Settle Down With A Man You Like!

1. Note how you get involved. Are you mutually committed to each other? This doesn't just mean making a verbal commitment. Take note of how close you both feel to each other and how much time you actually spend together. Eventually, it will click that the relationship should become exclusive. Just be careful when it comes to rushing commitment, it confuses men, so wait for him to show interest.

2. Lay the truth out there. If you want to continue dating other people after finding someone you like, be honest with all your dates. Let them know that you're dating around and looking for a partner you can commit to. Laying out the truth gives you more leverage and keeps you from looking desperate. Hopefully the man you like returns your feelings and makes a move to advance the relationship. Men are hunters at heart, they want to earn your affection and beat out competition.

3. Don't shackle him. Going off of the last dating tip, don't try to force a man to be with you. Ultimatums don't work, and neither does manipulation. Both will backfire on you in the end. A man needs to freely offer himself to you to truly be yours. So be yourself and keep dating around until you find a man that wants to be with you for the person that you are. A man who won't put in effort isn't the right man for you.

Celebrity Interview with Fashion Stylist Rachel Zoe

Zoe is not only a fashion icon and successful professional; she's also the mother to two adorable boys: Skyler, 6, and Kaius, 3. When she's not being a super mom for them, she and her handsome hubby Rodger Bergman are taking the fashion world by storm with Zoe's designer label, online fashion periodical *The Zoe Report*, and her sensational style books. So what's her best advice for keeping things in order while still having it all? "Well, staying organized – it's hard. In my personal life, it's a lot of staying on top of ever-changing weather and keeping my go-to items in the forefront of my closet," she shares.

Not only does this make Zoe's getting ready process "easier," but she also gets a head start when it comes to refreshing and reorganizing. Of course it's not *just* about killing it when it comes to keeping things clean. The stylist also dishes about what to keep and what to part with when it comes to revamping your style. "Definitely get rid of the things that you have not

She has also designed a limited edition blanket to show how the sanitizer works and keep your little ones stylishly cuddled and clean. These products are a lifesaver, perfect for busy moms who want to avoid the leftover bacteria that other cleaning methods might leave behind. "Knowing that I'm taking the germs out of what my kids wear every single day is a life-changing thing for me," Zoe enthuses.

Dating Advice: 3 Dating Red Flags

On this week's episode of Single in Stilettos, founder and matchmaker Suzanne Oshima talks to relationship expert Joe Amoia to offer their [dating advice](#) on how you can spot red flags on the dating scene. Find out how you can score the man of your dreams and avoid the bad apples with the following dating tips!

Dating Advice That Will Help You See The Red Flags!

1. Be crystal clear. You need to know exactly what you need and want in a relationship. This way you'll be able to see the traits and values that don't align with your lifestyle, and will be able to steer away from those who exhibit those very things you don't like. You shouldn't compromise your essential needs, so be honest with a man upfront. If you don't tell him, he won't give you what you need, so be open and consistent.

Related Link: [Dating Advice: What Attracts a Man?](#)

2. Observe him. From the very first date, you should take a good look at the man's attitude. Watch how he not only interacts with you, but also how he treats other people- like the wait staff for example if you're at a restaurant. If he is condescending and rude, then that's a huge red flag because eventually it will catch up to you. Also take note of his past relationships. If family and friends don't want to be around him, that should tell you something.

Related Link: [Single in Stilettos Show: 4 Signs He Might Be a Player](#)

3. Man vs. Boy. Don't get swayed by presents and sweet words if you sense red flags from your date. A boy will throw a tantrum and be manipulative to get what he wants, while a man accepts what he is given. If at any point you feel that you're being forced for sex or something else you don't want to do, then

chances are you're dealing with a boy. Find a man who already has integrity, you can't teach an old dog new tricks.

Dating Advice: What Attracts a Man?

On this week's episode of Single in Stilettos, founder and

matchmaker Suzanne Oshima talks to relationship expert Cyndi Olin to offer their [dating advice](#) on how you can effectively attract a man. Find out how you can score the man of your dreams with the following dating tips!

Dating Advice That Will Help You Attract A Man!

1. Appearance. Yes, men are visual- but it's not always about how you physically look. They care about how your attitude appears too. Men are attracted to positive energy, they want to see you smile and be happy. Nobody wants to be with someone who hates life. If you're currently working on your appearance, you should still date and attract men with your personality.

Related Link: [Dating Advice: How to Get Men to Fall into Your Lap](#)

2. Happiness. This goes along with the prior tip, but to elaborate- you shouldn't stop at only appearing to be happy. It's important that you actually are. Think about how pleasant you are when you're on a first date trying to make a good first impression. You need to carry this attitude into a relationship instead of getting comfortable and complaining all the time.

3. Authenticity. Be who you are. The right people will be attracted to your authentic self. For this to happen, you need to know who you really are, your likes, dislikes and so much more. If you're faking what you want, you'll attract the wrong man. So save yourself and potential suitors time and be real. You'll be surprised at how many men will like what you have to offer.

yourself irresistible to the opposite sex with the following dating tips!

Dating Advice That Will Make A Man Fall Right Into Your Lap!

1. Smile. This tip seems obvious, but it's often forgotten. The best way to attract a man is through smiling. It shows that you're approachable and enjoy life. Men like women who look happy, so work on your RBF if you can, and invite a man into your life with those pearly whites.

Related Link: [Dating Advice: Find True Love After 40](#)

2. Vulnerability. Men like to help women, it's in their nature. So ask for assistance from time to time instead of doing everything yourself. Showing your vulnerability is endearing and offers a place for a man in your life. You don't have to ask for anything big, it's as simple as asking a man to pick something heavy up for you.

Related Link: [Dating Advice: Manifesting the Right Man?](#)

3. Tension. Don't become clingy. Create some tension by allowing a man to enter "pursue" mode. He needs to miss you and make an effort to see you. If you're too available, it can be a turn off. So make time for other hobbies and don't overshare. Men like a good mystery, it's sexy- so give it to him!

Dating Advice: Find True Love After 40

On this week's episode of Single in Stilettos, founder and matchmaker Suzanne Oshima talks to relationship expert Michelle Marchant Johnson to offer their best [dating advice](#) for true love after 40. Find out why it's easier to find love later in life and how you can find the man or woman of your dreams with the following dating tips!

Dating Advice That Will Help You Find Love After 40!

1. Know yourself. It all starts with confidence. Women and men over 40 have established their identity. Having that inner knowledge of yourself will help you find long lasting love and a quality partner. These things just come with age, so don't fret if you meet someone later in life.

3. Know tech. It's easier than ever for people over 40 to meet and connect. The internet and electronic devices are tools that help bring singles together. Those in this age bracket can take advantage of these mediums to find love. If you're not familiar with tech, you should take time to learn.

Dating Advice: The Girl He Won't Bring Home to Mom...

On this week's episode of Single in Stilettos, founder and matchmaker Suzanne Oshima talks to relationship expert Nick Karson to offer their best [dating advice](#) on what to do when a man won't take you home to meet his mother. Find out the reasons why men hide women, and learn how you can prevent this situation from happening to you with the following dating tips!

Dating Advice That Will Help You Meet His Mom

1. Easy. If you haven't made a man earn your body, this will

get you added to the booty-call list. Women who give up the “goods” easily are less likely to meet mom and other family members. A man takes a woman he genuinely likes and sees a future with back home. Give a man the thrill of a chase if you want him to take you seriously.

Related Link: [Dating Advice: Are You Intimidating Men?](#)

2. Crude. Being yourself is important, but don’t get too comfortable right away. Being crude, swearing and general messiness can repel a man and make him not want to introduce you to his mother. Take time to get to know him before you drop F-bombs and risque jokes. You have no control on how these factors will be perceived.

Related Link: [Dating Advice: First Date Do’s and Don’ts](#)

3. Aggressive. Men don’t like seeing women with bad attitudes or mean personalities. If a man wants to sleep with you, then he’ll put up with the unpleasantness, but if he is looking for something serious then he won’t tolerate it. Women who are “bitchy” don’t get to meet mom, so be careful with this- and just be a nice person.

Dating Advice: Are You

Intimidating Men?

On this week's episode of Single in Stilettos, founder and matchmaker Suzanne Oshima talks to relationship expert Wendy Newman to offer their best dating advice on how to attract a man. Learn how you can be intimidating to men and how you can prevent these behaviors in the dating scene. Here are three great ways to improve your love life with the following dating tips!

Dating Advice That Will Help You Be Less Intimidating

1. Saying "I got this." Being independent is a good thing, but waving your self-sufficiency in front of a man's face shows that you don't need them. A man wants to feel needed, like he

has a place in your life and can take care of you. Let him pay for a meal, pull out your chair and help you with errands.

Related Link: [Dating Advice: 3 Ways To Be Irresistible To a Man](#)

2. Not having a place. Men like to provide, it's in their nature. Find a way to let a man contribute to your life, whether it be as a breadwinner or confidant. If you show any sign that you don't have a place for a man in your life, any potential partner will lose interest. Show him that you want him as much as you want him to want you.

Related Link: [Dating Advice: Manifesting the Right Man?](#)

3. Don't be demanding. Sure, a man wants to feel wanted and needed, but he also doesn't want to be treated like a slave. Make sure you're not too demanding or asking for help all the time. You want to be high performance, not high maintenance. A man wants to be satisfied, not overwhelmed by upkeep.

Dating Advice: 3 Ways To Be Irresistible To a Man

On this week's episode of Single in Stilettos, founder and matchmaker Suzanne Oshima talks to relationship expert Cyndi Olin to offer their best [dating advice](#) on how to attract a man. Learn how you can become irresistible to a man and great ways to improve your love life with the following dating tips!

Dating Advice That Will Make You Desirable!

1. Be happy. Learn how to smile! Nobody wants to be around a "Debbie Downer." Don't let sadness get in the way of your dating life. Men like happy women, they want to be a part of positive energy and make a woman happier. At least a man that desires a healthy relationship will want to do these things.

Related Link: [Dating Advice: Manifesting the Right Man?](#)

2. Be confident. Men love seeing an independent and confident woman. You don't need to be a damsel in distress all the time, it's not really sexy and can actually be scary- which will ultimately repel a man. The women that have a good head on

their shoulders are the ones who attract quality men.

Related Link: [Dating Advice: How to Get Him to Commit to You!](#)

3. Be present. Stay “in the moment” when you’re on a date. Don’t daydream about a future that doesn’t exist. Be attentive and engaging. Also try to avoid thinking of the past, it’s a sure way to sabotage a good moment. It’s also a good idea to put your cell phone away. Being present automatically makes you irresistible to a man.

On this week's episode of Single in Stilettos, founder and matchmaker Suzanne Oshima talks to relationship expert Jaki Sabourin to offer their best [dating advice](#) for those trying to find love. Learn how you can improve your relationships by "manifesting a man" with the following dating tips!

Dating Advice That Will Help You Find A Man!

1. Find clarity. You need to address what you want and why. By evaluating your needs and wants, you'll be able to narrow down your list of potential partners. You don't want to waste time or send mixed messages while you're dating. A great way to clarify your desires is by cultivating those traits in yourself, which will in turn attract and manifest in a man.

2. Thoughts, words and deeds (a creation trilogy). The best

way to find a quality man is by having a positive attitude. You need to be consistent in your thinking, wording and actions. If you have doubt or tell your friends that there's "no good men out there" while you're dating, that is just setting yourself up for disaster. By making sure everything you do is in alignment, you'll attract a great man.

Related Link: [Dating Advice: How to Become Irresistible to a Man](#)

3. Commit. Don't give up if things aren't going according to plan. Love doesn't happen overnight. You need to put in the time and effort to find someone, especially if you're trying your hand at online dating. Checking out of the process simply because you're upset is a terrible thing to do. Give yourself a year at least to improve your dating skills. You need to evolve in order to find a man worthy of manifesting.

Dating Advice That Will Help You Find Love Online

1. Go offline. Screen your potential date, especially if it's someone you've met online. Make a point to communicate with them offline, either through phone call, video chat, or text. From the conversations you have, evaluate whether it's a good idea to meet this person face-to-face.

Related Link: [Dating Advice: What Attracts a Man?](#)

2. Be polite. Make a graceful exit if you're having a bad date. You don't really know this person or what they're capable of, so don't make a scene. Just quietly run for the hills. You also want to be polite because you wouldn't

appreciate it if someone was rude to you after a poor date. Be candid, don't waste their time.

3. Say something. If you're upset or uncomfortable with something that is going on during a date, bring it to their attention. If they don't respect what you have to say, it's okay to remove yourself from the situation.

Dating Advice That Will Help You Find Love Online

1. Appearances, duh. This shouldn't be a surprise to anyone, but appearances matter when it comes to attracting a man. You don't have to look like a super model, just look your best when you go out. Dating Advice: Best Online Dating Tips From a Dating Strategist

Learn how you can improve your chances at finding love with the following dating tips!

Dating Advice That Will Help You Find Love Online

1. Communicate before meeting. Go beyond the instant messaging systems on dating websites. Make moves for conversations over the phone or through text. This gives a better sense of who you're talking to so you don't paint a picture of somebody that doesn't exist. Romance doesn't start online, it happens in person.

2. Tell the truth. Be honest with how you present yourself.

Don't dabble in false advertisements. It's a disappointment to those you meet in person if you don't meet their expectations. It's also a bad idea to lie about your age online. If you're not being contacted online for dates, then be more proactive and send out messages of your own.

3. Be more inclusive. When searching online, it's easy to narrow down the qualities you want- so your dating pool ends up being very small. Lighten up on your criteria and be open to meeting people who don't match your list completely. It's more important that you find someone who shares your values and beliefs.

Dating Advice: Best Body Language Tips

On this week's episode of [Single in Stilettos](#), founder and matchmaker Suzanne Oshima talks to relationship expert Robyn Hatcher to offer their [dating advice](#) for those who need help in communicating through body language. Learn how to effectively get your message across without words in the following dating tips.

Dating Advice For Those Who Want To Communicate With Their Body

1. First impressions are key. A first impression is important because it helps people determine whether or not they can trust you. So the first few minutes you spend with someone are crucial! A good first impression starts with openness and vulnerability, so don't obstruct your torso with crossed arms or excessive clothing, or else it will look like you have something to hide. Another great way to show vulnerability is by exposing your neck while you're interacting. In other words, leave the scarf at home!

First Impression

2. Be aware of your voice. Take note of how you sound when you speak. The pitch of your voice can either be helpful or detrimental when you're trying to date. A deeper voice is often seen as more confident, whereas a higher pitched voice can be interpreted as "weak" or "needy." If you struggle with your pitch, voice lessons might be beneficial. But of course, keep in mind that all people have their preferences. You don't have to change your voice if you don't want to, just find someone who appreciates that quality.

3. Look at other people's body language. Not only should you be aware of your own body language, but you should keep an eye out for other people's as well. Is the person you're with leaning in? Are they making eye contact? Are their feet facing towards you or are they pointed at the door like they want to make a run for it? These are all things you should look out for in order to have a successful date.
